this edition of the canadian encyclopedia is the largest most comprehensive book ever published in canada for the general reader it is complete every aspect of canada from its rock formations to its rock bands is represented here it is unabridged all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume it has been expanded since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50 to over 4 000 000 words it has been updated the researchers and contributors worked hard to make the information as current as possible other words apply to this extraordinary work of scholarship authoritative reliable and readable every entry is compiled by an expert equally important every entry is written for a canadian reader from the canadian point of view the finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country this book deserves pride of place on the bookshelf in every canadian home it is no accident that the cover of this book is based on the canadian flag for the proud truth is that this volume represents a great national achievement from its formal inception in 1979 this encyclopedia has always represented a vote of faith in canada in canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and

celebrated at the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this canadian encyclopedia is offered in a spirit of defiance and of faith in our future the statistics behind this volume are staggering the opening sixty pages list the 250 consultants the roughly 4 000 contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project the 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest canadian book ever published there are of course many special features these include a map of canada a special page comparing the key statistics of the 23 major canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers but above all the book is encyclopedic which the canadian oxford dictionary describes as embracing all branches of learning this means that with rare exceptions there is satisfaction for the reader who seeks information on any canadian subject from the first entry a mari usque ad mare from sea to sea which is canada s motto and a good description of this volume s range to the zouaves who mustered in quebec to fight for the beleaguered papacy there is the required summary of information clearly and accurately presented for the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination the word encyclopedia derives from greek expressions alluding to a grand circle of knowledge our knowledge has expanded immeasurably since the time that one mind could encompass all that was known yet now canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume the result is a book for every canadian who values learning and values canada

this bibliography cites those canadian and foreign reference sources that describe canadian people institutions organizations publications art literature languages and history it lists books of a general nature as well as works in the disciplines of history and the humanities these large divisions are then broken down by subject genre type of document and province or territory titles of national provincial territorial or regional interest are included in every subject area when available the contents of the book are indexed four ways by name title french subject and english subject and to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of canada s official languages entries for unilingual works include citation in the language of the publication and a bilingual annotation the annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works

canadian reference sources will be an invaluable referencetool for future scholars and researchers

graphic design is broadly interpreted in this annotated topical bibliography covering both scholarly and applied literature focusing on graphics printed commercially for mass consumption in the united states from colonial times to the present materials extend from historical studies of design to textbooks and manuals of professional practice to theoretical works relating to design drawn from disciplines such as psychology and communication theory the 1100 entries include reference sources books periodical articles catalogs films and electronic data among the topics covered are general reference design theory and history education and career guides professional practice production and layout typography calligraphy color reproduction caricature and photo illustrations as well as applications in advertising publication design corporate identity programs information graphics package design posters and signs literature on computer technology as used in desktop publishing and computer graphics is also included appendixes provide annotated listings of almost 200 relevant annuals and serials as well as a directory of associations and organizations in the field access to titles authors and a finer breakdown of subjects is facilitated by thorough indexing this work should be a valuable resource for professional designers scholars and students of design and librarians interested in collection development
