runways and racers focuses on sports car races held at military installations throughout america in the early 1950s it was a marriage of convenience for the sports car club of america and the strategic air command with both parties gaining advantages from the arrangement the thorn in the side turned out to be a congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events

this book focuses on the different aspects that contributed to the development of northeast american sports car racing during the 1950s the evolution from amateur drivers racing on public roads in 1950 to both professional and amateur drivers racing at private purpose built tracks in 1959 demanded huge leaps of faith trust and understanding the transition was neither easy nor uneventful for drivers clubs or track owners and the tragedy politics and in

in 1968 british leyland brought together many of britain s motor manufacturers with the

intention of creating a robust unified group that could equal the strength of the big european conglomerates but this was not to be there have been many books about the politics and the business activities of british leyland but british leyland the cars 1968 1986 looks exclusively at the cars that came from the company both the models it inherited and those it created the eighteen years of the corporation s existence saw a confusing multitude of different car types but this book resolves these confusions clarifying who built what and when the book takes 1986 as its cut off point because this was the year that the old british leyland ceased to exist and what was left of the car and light commercial business was renamed the rover group the book includes production histories and technical specifications of every major model the special overseas models appendices on engines code names and factories buying guidance on the models built in britain this is the most comprehensive book so far to focus on the cars from british leyland between 1968 1986 and it provides an overview of each model s production history together with essential specification details it is profusely illustrated with 178 colour and 63 b w photographs
