this textbook presents political sociology as a connective social science that studies political phenomena by creating fruitful connections with other perspectives the relationship between politics and society is more complex than ever due to the

emergence of new power structures forms of conflict organization and management and social practices of political participation several scholars describe this historical phase as the de politicization of representative politics the book addresses classical themes of and approaches to political sociology but also dedicates several chapters to contemporary developments within political sociology including for instance the role of the internet and bottom up political communication in social movements in addition the volume acts as a professional tool for those scholars and researchers that are beginning to study political processes from a sociological perspective

political sociology is the interdisciplinary study of power and the intersection of personality society and politics the field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines the contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published this approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover the purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society this area of research encompasses a wide variety of perspectives and methods that span social science disciplines the handbook is designed to reflect that diversity in content method and focus in addition it will cover developments in the developed and underdeveloped worlds

power politics and society an introduction to political sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society this includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics the authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry

this timely book critically addresses the intersection between power politics and emotions challenging traditional dichotomies which counterpose rationalist to non rationalist epistemologies it offers a sustained argument for a more complete and integrated rationalism and helps us understand emotions in contemporary social and political life

the world of political science new volumes the book traces the disciplinary development of political sociology and the transdisciplinary research into the overlapping issues involving politics and society the contributions cover overviews of the history methodological and theoretical development of this academic discipline successes as well as failures in past unexplored areas and salient issues in ongoing research are also highlighted from the contents subrata k mitra and malte pehl taking stock of political sociology dirk berg schlosser political culture at a crossroads kay lawson and mildred schwartz parties interest groups and social movements shall change be mid wife to truth eva etzioni halevy socio political inequalities elites classes and democracy prakash sarangi contemporary approaches to the study of the state jan van deth political sociology old concerns and new directions

collection of essays on political and social changes taking place in contemporary africa south of sahara gives the historical background covers precolonial political leadership the struggle for accession to independence the growth of movements against the role of uk the role of france and the role of portugal in africa parliamentary practices after independence socialist political parties political problems the reasons for the ascendancy of the armed forces economic planning etc bibliography pp 459 to 465 and references

civilizing world politics offers an innovative approach to the changing contexts of global politics moving beyond the ever more fuzzy debate on globalization to a concept of world society that transcends the nation state and embraces communities including nongovernmental organizations it brings together research from various fields of political science sociology and social theory in new ways successfully introducing u s students of international affairs to contemporary continental research in a way that enlightens as it civilizes

for those who still believe that politics is normally naturally about economics rob singh has gathered the evidence and dialed the wake up call seven major instances of an ongoing culture war meet a common analytic framework here in a lively and informative fashion byron e shafer university of wisconsin

this state of the art book develops the parameters of governance analysis as a critical mode of enquiry from a synthesis of theoretical approaches to public policy and governance it offers a critical analytical perspective for empirical research and the development of theories of governance this perspective is applied to seven detailed examples from local to international and comparative public policy both innovative and unique governance analysis shows that the messy real life of policymaking and its implications can be analysed systematically and insightfully without retreating to outdated models of public policymaking or case specific critique p p1 margin 0 0px 0 0px 0 0px 0 0px font 10 0px arial span s1 font 10 0px helvetica

with nato expanding into central europe ukraine has become a pivotal state for the future of european stability yet it is a country about which little is known in the west politics and society in ukraine fills that gap providing the first comprehensive and detailed study of the contemporary ukrainian political system beginning with a discussion of the legacy of the soviet union the authors illuminate ukraine's regional and ethnic tensions governmental system efforts at reform and foreign policy they consider all of those issues from a comparative perspective that readers unfamiliar with ukraine will find illuminating the authors are three of the leading authorities on ukrainian politics and each has extensive experience in the country this book provides much needed analysis of a crucial country with the expansion of nato ukraine is frequently described as the linchpin of

security in central europe and after russia it is the largest and most important of the post soviet states yet it is a country about which most westerners know very little subsumed as it was for decades beneath the russian empire and the soviet union ukrainian politics and society is the first comprehensive study of politics in post soviet ukraine and is therefore vital reading for anyone concerned with european security or with politics in the former soviet union the authors extensive experience in ukraine allows them to explain the paradoxes of ukrainian politics that have led to so many false predictions concerning the future of the ukrainian state their examination of nationality politics shows why ethnic and regional differences have tended to recede rather than to spin out of control as they have elsewhere in the region at the same time these differences hamstring the countrys political system and the authors show how difficult a task it is for democratic institutions to provide effective government in a country with little consensus by viewing economic reform in its profoundly political context the authors expose the chasm between the theory and practice of economic reform understanding of how to make profits has not been lacking but government regulation to ensure that profit seeking behavior leads to functioning markets has been conspicuously absent by examining in detail how ukrainian politics has followed theoretical expectations and where it has contradicted them the authors arrive at conclusions with implications well beyond ukraine ukraine must first build a state and a nation before it can successfully reform its economy or build a genuine democracy for ukraine and its people the task is daunting for the west whose security increasingly relies on stability in ukraine this book provides the knowledge necessary to approach the problem as well as good reason not to ignore it

essay from the year 2018 in the subject politics general and theories of international politics the george washington university language english abstract this essay discusses the covenant between the american citizen and the government it is divided in four major parts the first part which is undeniably the introduction discusses the place of the citizen in a civil society the american society is a society based on the vision of four main philosophers of the enlightenment era the combination of their visions generated the constitution of the united states in which the government s power is tremendously restrained toward the individual liberties of the citizens the second part of the essay elaborates the motivations and elements of what constitutes american individualism and the limits of individual liberties as we know american individualism is the cultural philosophy that guides the american people and their perception of life the third part of the essay reflects on the government s obligations toward the citizen and the popular sovereignty of the people the last part of the essay discloses the conclusion
