*first published in 1968 and 1976 the two volumes of this work still constitute the only authoritative study of the broad geo political economic and strategic factors behind the inter war development of the royal navy and to a great extent that of its principal rival the united states navy roskill conceived the work as a peacetime equivalent of the official naval histories filling the gap between the first world war volumes and his own study of the navy in the second as such it is marked by the extensive use of british and american sources from which roskill extracted shrewd and balanced conclusions that have stood the test of time picking up the story in 1930 this volume covers the rise of the european dictatorships on the one hand alongside continuing attempts at controlling arms expenditure through diplomacy and treaties eventually italian german and indeed japanese aggression diminished the prospects for peace to the point where britain felt forced to rearm how the navy used the precious few years leading up to the outbreak of war is a crucial section of the book and forms a fitting conclusion to this important study of the inter war years*

*replaces material heretofore published in the postal laws and regulations the post office manual the postal guide and the book of instructions of the postal transportation service*
