The Gulf monarchies have been generally perceived as status quo actors reliant on the USA for their security but in response to regional events particularly the Arab Spring of 2011 they are pursuing more activist foreign policies which has allowed other international powers to play a larger role in regional affairs this book analyses the changing dynamic in this region with expert contributors providing original empirical case studies that examine the relations between the Gulf monarchies and extra regional powers including the USA Russia China India Brazil Turkey Japan South Korea France and the United Kingdom at the theoretical level these case studies explore the extent to which different international relations and international political economy theories explain change in these relationships as the regional political and security environment shifts focusing on how and why external powers approach their relationships with the Gulf monarchies contributors ask what motivates external powers to pursue deeper involvement in an unstable region that has seen three major conflicts in the past 40 years addressing an under-analysed yet important topic the volume will appeal to scholars in the fields of international relations and international political economy as well as area specialists on the Gulf and those working on the foreign policy issues of the extra regional powers studied

this book demonstrates the vitality of Arab political thought and its major controversies it shows that the key players involved far from being constrained by a theological political straitjacket have often demonstrated strong critical thinking when tackling religion and philosophy anthropology and politics setting these thinkers and their works within two centuries of upheaval in the Arab world Georges Corm demonstrates how Arab critical thought has been marginalized by powerful external forces the military the academy and the media

in its place has risen a hegemonic islamist thought used cannily by certain arab regimes and their western protectors closely tracing the successive transformations of modernist arab nationalism arab political thought offers a blueprint for understanding the libertarian arab spring as well as the counter revolutions and external interventions that have followed this invaluable guide comprehensively distills the complexity of arab intellectualism which is both critical and profane and a far cry from the outdated politico religious image it has acquired
