modern algeria has been in many ways a harbinger of events and trends that have affected the arab and muslim worlds the country s bold experiment in democratization broke down in the early 1990s largely over the question of whether the islamic salvation front fis should be permitted to come to power following its victories in local regional and national elections a devastating civil war followed now that order has been restored and

the country has a new government questions about governance islam and international relationships are once again at the top of algeria s political agenda how these issues are resolved will not only determine algeria s future but will also have important implications for other states in north africa and the western mediterranean this book was previously published as a special issue of the journal of north african studies

sir harry johnston 1858 1927 is remembered as a key figure in the new colonial period of the late nineteenth century this volume forms part of the cambridge historical series and expresses johnston s perspective on the process of african colonization whilst areas of the book are inevitably outdated it remains an invaluable document of the colonial age and its mindset written from first hand experience this 1913 edition includes extensive changes from the 1899 original reflecting the author s wish for the text to remain relevant to the contemporary political context it will be an important resource for anyone with an interest in africa colonial history and historiography
