the third edition of life span human development helps students gain a deeper understanding of the many interacting forces affecting development from infancy childhood adolescence and adulthood it includes local multicultural and indigenous issues and perspectives local research in development regionally relevant statistical information and national guidelines on health taking a unique integrated topical and chronological approach each chapter focuses on a domain of development such as physical growth cognition or personality and traces developmental trends and influences in that domain from infancy to old age within each chapter you will find sections on four life stages infancy childhood adolescence and adulthood this distinctive organisation enables students to comprehend the processes of transformation that occur in key areas of human development this text also includes a mindtap course offering with a strong suite of resources including videos and the chronological sections within the text can be easily customised to suit academic and student needs

life span human development is about the development of human beings from conception to death it highlights similarities as well as differences in developmental stages and it asks fundamental questions about why we humans develop as we do taking a unique integrated topical and chronological approach each chapter focuses on a topic or domain of development such as physical growth cognition or personality and traces developmental trends and influences in that domain from infancy to old age premium online teaching and learning tools are available on the mindtap platform learn more about the online tools at cengage.com/mindtap

for human development lifespan development courses organized topically life span development a topical approach is based on the chronologically organized highly popular development across the life span is approximately 20% shorter than traditional lifespan books and organized topically life span development a topical approach maintains the student friendliness that has been the hallmark of feldman's other

development textbooks it is rich in examples and illustrates the applications that can be derived from the research and theory of lifespan developmentalists it pays particular attention to the applications that can be drawn from theory and research in the field to optimize student learning and to provide instructors with maximum flexibility the book uses a modular approach consequently rather than facing long potentially daunting chapters students encounter material that is divided into smaller more manageable chunks modules presenting material in small chunks represents a structure that research long ago found to be optimum for promoting learning this book is available with mydevelopmentlab which includes a full etext videos self tests flashcards and myvirtualchild the interactive simulation which allows you to raise a virtual child from birth to age 18 and monitor the effects of your parenting decisions mydevelopmentlab does not come automatically with the text so please be sure you check to ensure that an access code is included before placing your order the book by itself has a different isbn number than the book mydevelopmentlab you can also purchase a mydevelopmentlab access code online at mydevelopmentlab.com visit the feldman preview website to view a sample chapter pearsonhighered.com showcase feldman what to know more click here to visit the publisher's website and learn more about this book pearsonhighered.com educator product lifespan development a topical approach 9780205759569 page

reviewers and adopters have praised john santrock's a topical approach to life span development text for its themes of research applications and contexts and students have loved it for its pedagogy and accessible writing building on these strengths the third edition features more than 2 100 citations from the 21st century and new careers in life span development boxes

reviewers and adopters have praised john santrock's a topical approach to life span development text for its themes of research applications and contexts and students have loved it for its pedagogy and accessible writing building on these strengths the third edition features more

than 2 100 citations from the 21st century and new careers in life span development boxes

this text covers conceptual information leadership skills and current issues and trends it provides clear and concise information about the best practices and quality improvement for the most common clinical conditions seen in home care cover

accurate reliable engaging these are just a few of the words used by adopters and reviewers of john santrock s child development the new topically organised fourteenth edition continues with santrock s highly contemporary tone and focus featuring over 1 000 new citations the popular connections theme shows students the different aspects of children s development to help them better understand the concepts used by hundreds of thousands of students over thirteen editions santrock s proven learning goals system provides a clear roadmap to course mastery

choice recommended read this thoroughly revised new edition updates sheila greene s original transformative account of the psychological development of girls and women and the central role of time in shaping human experience greene critically reviews traditional and contemporary theoretical approaches ranging from orthodox psychoanalysis to relational and post modern theories and argues that even those that claim to focus on development have presented a view of women s lives as fixed and determined by their nature or their past these theories she believes should be rejected because of their inherent lack of validity and their frequently oppressive implications for women essential but often neglected insights from the more compelling developmental and feminist theories are woven together within a theoretical framework that emphasizes temporality emergence and human agency the result is a liberating theory of women s psychological development as constantly emerging and changing in time rather than as static and fixed by their nature socio cultural context and personal history updated

for a new generation of readers the psychological development of girls and women will continue to be essential reading for students and researchers in the psychology of women developmental psychology and women s studies

as a master teacher john santrock connects students to current research and real world application helping students see how developmental psychology plays a role in their own lives and future careers through an integrated personalized digital learning program students gain the insight they need to study smarter and improve performance
