change and responsible leaders

this book was written to help people understand and transform education and professional practice it presents and extends the theory of practice architectures and offers a contemporary account of what practices are composed of and how practices shape and are shaped by the arrangements with which they are enmeshed in sites of practice through its empirically based case chapters the book demonstrates how the theory of practice architectures can be used as a theoretical analytical and transformational resource to generate insights that have important implications for practice theory policy and research in education and professional practice these insights relate to how practices are shaped by arrangements and other practices present in specific sites of practice including early childhood education settings schools adult education and workplaces they also relate to how practices create distinctive intersubjective spaces so that people encounter one another in particular ways a in particular semantic spaces b that are realised in particular locations and durations in physical space time and c in particular social spaces by applying such insights readers can work towards changing practices by transforming the practice architectures that make them possible

this book provides an overview of school choice policies examining charter schools home schooling online schooling vouchers tax credits and magnet schools it addresses key questions on participation funding outcomes and innovation offering insights and recommendations for evidence based reforms to achieve educational goals

exploring childhood in a comparative context meets an increasing need for students focusing on early childhood to be familiar with alternative practices in other countries providing a ready made source of information about a wide range of countries including finland the netherlands the united states new zealand japan south africa and many more the book clearly describes the way each country understands and conceptualises childhood each chapter includes contextual information about the country an introduction to the theory that has shaped practice and describes the curriculum for pre school and primary education including vignettes from practitioners working in each country to illustrate practice the chapters explore key themes such as child development parental involvement teaching and learning professionalism assessment pupil experience accessibly written and including opportunities for reflection this timely new book will give students a valuable insight into alternative education systems that is essential if they are to become practitioners with a current and global approach

this book covers the methodology of teaching science to children in elementary schools by offering study plans including experiments for students

master s thesis from the year 2016 in the subject pedagogy the teacher educational leadership language english abstract school inspection is one of the most challenging aspects in education it represents an approach of accountability in teaching and learning moreover school inspection provides policy and decision makers with accurate information about the current state of education in their respective institutions the main purpose of this study is to examine and determine the impact of school inspection on teaching and learning in dubai based private schools and to give some recommendations into how to conduct effective school inspection that would positively influence teaching and learning this research included 37 participants 2 inspectors 4 head teachers and 31 teachers from 4 private schools who follow different types of curricula from all grades of performance according to inspection reports conducted in the 2014 2015 academic year the findings show that school inspection has a significant role in school improvement especially in teaching and learning teachers acknowledge the feedback that inspectors give to them however school inspection also has a negative impact on teaching and learning for instance it forces some schools to show activities they have never done before moreover the school inspection reports and recommendations in some cases are superficial and are not related to the school context moreover they often do not show teachers how they can respond to criticism in the reality of their teaching practice nevertheless the relationship between inspectors and teachers is not that positive especially in some subjects such as arabic language and islamic studies this piece of research suggests some areas for the betterment in school inspection such as giving more importance for sse school self evaluations shortening the notice period visiting schools at different times throughout the academic year making such visits every three years as well as ensuring that school inspectors have a high degree in education and in the subject they inspect nevertheless it recommends establishing an independent school inspection system on the other hand this study suggests further research on the accountability of

teaching and learning in dubai in specific subjects such as arabic and islamic studies because reality shows that the recent intervention and policy have not been as fruitful as expected

encourages language teachers to expand their horizons beyond the teaching of grammatical form and function emphasizing a sociocultural view it presents a range of topics semantics dialects syntax language history social discourse conventions based upon a perspective that combines psycholinguistics and sociolinguistics page 4 of cover
