foreword by colby sharp in the decade since the first edition of still learning to read was published the prevalence of testing and the common core state standards have changed what is expected of both teachers and students the new edition of still learning to read focuses on the needs of students in grades 3 6 in all aspects of reading workshop including reading workshop read aloud classroom design digital tools fiction nonfiction and close reading the book stays true to its original beliefs of slowing down and knowing our readers but it also takes into account the sense of urgency that changing times and standards impose on classrooms this edition examines current trends in literacy includes a new section on intentional instructional planning and provides expanded examples of mini lessons and routines that promote deeper thinking about learning it also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors latest thinking on close reading and text complexity online videos provide glimpses into classrooms as students make book choices work in small groups and discuss their reading notebooks expanded and updated book lists recommendations for digital tools lesson cycles and sections specifically written for school leaders round out this foundational resource

language is one of the greatest predictors of personal social academic and professional success no one is born a reader instead learning to read is a process that requires time effort and availability the only way for reading comprehension to develop is through practice one learns to read by reading as such it is integral to acknowledge the importance of knowing how to read and facilitating this skill in schools and at home reading is a cornerstone for learning and no child will know academic success if their reading ability is compromised modern reading practices and collaboration between schools family and community is a premier reference book that consolidates knowledge on reading competence it presents the processes inherent in the act of reading and the mechanisms underlying the teaching and learning of reading as well as all recent research in this area covering topics such as communication development learning motivation and transliteracy this innovative title is an excellent resource for preservice teachers childhood educators educators of k 12 and higher education academic libraries teacher training lecturers faculty and administration of k 12 and higher education researchers and academicians

using examples from both adults and children the authors explain and describe the complex integrated network of strategies that takes place in the minds of proficient readers strategies that struggling readers have to learn in order to construct their own reading processes the examples and scenarios of teacher student interactions in this book provide a sense of how it looks and what it sounds like to teach strategic actions to struggling readers book cover

is there too much emphasis on guided reading in primary classrooms it s a question that many educators like kindergarten teacher and literacy coach cathy mere are starting to ask guided reading provides opportunities to teach students the strategies they need to learn how to read increasingly challenging texts but cathy found that

she needed to find other ways to help students gain independence while maintaining guided reading as an important piece of their reading program teachers need to offer students opportunities during the day to develop as readers to learn to choose books to find favorite genres and authors and to talk about their reading in more than guided reading cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning not only providing more time for students to discover their reading lives but also shaping instruction to meet the needs of the diverse learners in her classroom by changing the structure of the day cathy found she was better able to adjust the support she was providing students allowing time for whole class focus lessons conferences and opportunities to share ideas as well as reading from self selected texts using the strategies skills and understandings acquired in reader s workshop the focus lesson is the centerpiece of the workshop it is often tied to a read aloud and connected to learning from the previous day helping to build skills extend thinking and develop independence over time this thoroughly practical text offers numerous sample lessons questions for conferences and ideas for revamping guided reading groups it will help teachers tweak the mix of instructional components in their reading workshops and provoke school wide conversations about the place of guided reading in a complete literacy curriculum
