comprehensive and authoritative this forward thinking book reviews the breadth of current knowledge about early education and identifies important priorities for practice and policy. Robert C. Pianta and his associates bring together foremost experts to examine what works in promoting all children's school readiness and social emotional development in preschool and the primary grades. Exemplary programs, instructional practices and professional development initiatives and the systems needed to put them into place are described. The volume presents cutting edge findings on the family and social context of early education and explores ways to strengthen collaboration between professionals and parents.

In the past several years models of multi tiered service delivery have emerged as a framework for supporting the needs of school aged children in schools across the country.

and have received much attention in scholarly publications of education and related fields despite the needs of young children and the promise of early intervention however models of multi tiered service delivery are only in the beginning stages of development in early childhood education settings such as preschools this text provides early childhood professionals with an introduction to tiered service delivery and practical considerations in the implementation of a multi tier system of supports with particular emphasis on early childhood law and ethics assessment and intervention developmental disabilities and family engagement

handbook of field experiments volume two explains how to conduct experimental research presents a catalog of research to date and describes which areas remain to be explored the new volume includes sections on field experiments in education in developing countries how to design social protection programs a section on how to combat poverty and updates on data relating to the impact and determinants of health levels in low income countries separating itself from circumscribed debates of specialists this volume surpasses the many journal articles and narrowly defined books written by practitioners this ongoing series will be of particular interest to scholars working with experimental methods users will find results from politics education and more balances methodological insights with analyses of principal findings and suggestions for further research appeals broadly to social scientists seeking to develop an expertise in field experiments written in a language that is accessible to graduate students and non specialist economists

educational scholars have proposed various definitions of curriculum with no universal agreement despite this curriculum development consistently involves setting goals creating experiences and evaluating outcomes this book explore curriculum development and contemporary perspectives in early childhood education

leading scholars synthesize knowledge on how gains from early childhood programs and practices are initiated increased and sustained

early childhood education spans the human life from birth to age 8 infants and toddlers experience life more holistically than any other age group social emotional cognitive language and physical lessons are not learned separately by very young children adults who are most helpful to young children interact in ways that understand that the child is learning from the whole experience not just that part of the experience to which the adult gives attention although early childhood education does not have to occur in the absence of the parent or primary caregiver this term is sometimes used to denote education by someone other than these the parent or primary caregiver both research in the field and early childhood educators view the parents as an integral part of the early childhood education process early childhood education takes many forms depending on the theoretical and educational beliefs of the educator or parent other terms those are often used interchangeably with early childhood education are early childhood learning early care and early education much of the first two years of life are spent in the creation of a child s first sense of self or the building of a first identity because this is a crucial part of children s makeup how they first see themselves how they think they should function how they expect others to function in relation to them early care must ensure that in addition to carefully selected and trained caregivers links with family home culture and home language are a central part of program policy if care becomes a substitute for rather than a support of family children may develop a less than positive sense of who they are and where they come from because of their child care experience this book presents the latest research in this vital field

this book is based on the theoretical notion of glocalization which is understood as the hybridization of global and local perspectives it brings together contributions from asian preschool stakeholders specializing in arts and creativity who present glocal pedagogical practices in the art forms of visual arts music drama dance and in multi modal activities that integrate multiple art forms the chapters provide asian preschool teachers with insights on how to design implement and or evaluate high quality classroom activities these insights help maximize children s creativity while being realistic and suitable to local preschools as well as aligned with the expectations values and norms of traditional asian societies the chapters are primarily oriented to practice and also include conceptual and or theoretical elaborations intended to ground and justify teachers pedagogical choices the various chapters also enhance teachers pedagogical repertoires to benefit children s creative learning experiences in the arts this edited book serves as a valuable guide for preschool stakeholders in asia including teachers and childcare practitioners both pre and in service school leaders head teachers area coordinators vice principals principals teacher educators curriculum designers consultants professional development providers and educational researchers in arts and creativity
