islamicate occult sciences in theory and practice brings together the latest research on islamic occult sciences from a variety of disciplinary perspectives namely intellectual history manuscript studies and material culture its aim is not only to showcase the range of pioneering work that is currently being done in these areas but also to provide a model for closer interaction amongst the disciplines constituting this burgeoning field of study furthermore the book provides the rare opportunity to bridge the gap on an institutional level by bringing the academic and curatorial spheres into dialogue contributors include charles burnett jean charles coulton maryam ekhtiar noah gardiner christiane gruber blink hallum francesca leoni matthew melvin koushki michael noble rachel parikh liana saif maria subtelny farouk yahya and travis zadeh

first published in 1987 the purpose of this book is to offer insights and guidelines for psychoanalytic and psychotherapeutic treatment to the practitioner working or planning to work with the late heinz kohut's concepts of

self psychology by integrating theory and practice the authors offer case material from our therapeutic experience showing how self psychology can be used with a wide range of patients culminating in outcomes that are not only beneficial but also exciting and sometimes surprising

are jane austen and charles darwin the two great english empiricists of the nineteenth century peter w graham poses this question as he brings these two icons of nineteenth century british culture into intellectual conversation in his provocative new book graham shows that while the one is generally termed a naturalist darwin s preferred term for himself and the other a novelist these characterizations are at least partially interchangeable as each author possessed skills that would serve well in either arena both austen and darwin are naturalists who look with a sharp cold eye at the concrete particulars of the world around them both are in certain senses novelists who weave densely particularized and convincingly grounded narratives that convey their personal observations and perceptions to wide readerships when taken seriously the words and works of austen and darwin encourage their readers to look closely at the social and natural worlds around them and form opinions based on individual judgment rather than on transmitted opinion graham s four interlocked essays begin by situating austen and darwin in the english empirical tradition and focusing on the uncanny similarities in the two writers respective circumstances and preoccupations both austen and darwin were fascinated by sibling relations both were acute observers and analysts of courtship rituals both understood constant change as the way of the world whether the microcosm under consideration is geological biological social or literary both grasped the importance of scale in making observations both discerned the connection between minute particular causes and vast general effects employing the trenchant analytical talents associated with his subjects and informed by a wealth of historical and biographical detail and the best of recent work by historians of science graham has given us a new entree into austen s and darwin s writings

the interest of the writers of these essays in the intricacies and implications of translation in the middle ages or of the translation of medieval texts in the modern period has resulted in a diverse and intellectually stimulating volume the papers in this volume written in either english french or spanish approach translation from a wide variety of perspectives and offer a range of interpretations of the concept of translation the volume contains essays ranging in time from the anglo saxon period to the present and in topic from medieval recipe books to arguments in favour of women administering the sacrament languages studied include non european languages as well as latin and numerous european vernaculars as both source and target languages as any translator or student of translation quickly becomes aware it is impossible to divorce language from culture all the contributors to this volume struggle with the complexities of translation as a cultural act even when the focus would seem to be specifically linguistic it is these complexities which lend the study of the theory and practice of translation in the middle ages its enduring fascination

charles james fox pc 24 january 1749 13 september 1806 styled the honourable from 1762 was a prominent british whig statesman whose parliamentary career spanned thirty eight years of the late 18th and early 19th centuries and

who was particularly noted for being the arch rival of William Pitt the Younger his father was a leading Whig and Fox rose to prominence in the House of Commons as a forceful and eloquent speaker with a notorious and colourful private life though his opinions were rather conservative and conventional however with the coming of the American War of Independence and the influence of the Whig Edmund Burke Fox's opinions evolved into some of the most radical ever to be aired in the Parliament of his era Wikipedia

The Routledge Handbook of Social Work Practice Research is the first international handbook to focus on practice research for social work bringing together leading scholars in the field from Europe, the USA and the Asia Pacific region it provides an up to the minute overview of the latest thinking in practice research whilst also providing practical advice on how to undertake practice research in the field it is divided into five sections state of the art methodologies pedagogies applications expanding the frontiers the range of topics discussed will enhance student development as well as increase the capacity of practitioners to conduct research develop coordinating and leadership roles and liaise with multiple stakeholders who will strengthen the context base for practice research as such this handbook will be essential reading for all social work students practitioners and academics as well as those working in other health and social care settings
