the death of george armstrong custer and over half of his now immortal 7th cavalry regiment in the valley of the little big horn on 25 june 1876 has become the most celebrated battle of the indian wars it was the greatest and the last victory of the american indians over the united states military the largest concentration of

warriors the north american continent had ever seen united under the spiritual leadership of sitting bull and on a hillside in southern montana custer s luck finally ran out page 4 of cover

with so much written about the actual battle at the little bighorn on june 25 1876 roger l williams has now compiled a wealth of data concerning the men of the 7th cavalry at the time of the engagement military register of custer s last command presents for the first time the complete military history of every enlisted man on the regimental rolls with particular attention devoted to the well known campaigns from the washita to wounded knee as the first in depth analysis of the statistics related to the battle military register of custer s last command is the most extensive work available on the 7th cavalry with its exhaustive bibliography it will stand as a definitive resource for historians and enthusiasts and a tribute to all enlisted soldiers on the western frontier

on june 25 1876 in the plains of southern montana lieutenant colonel george armstrong custer led the seventh cavalry into battle with a powerful force of sioux and cheyenne warriors not one member of custer s battalion survived the battle the greatest single victory of the plains indians in their war with the united states since that fateful day historians have debated the tactics and strategy of both sides exactly how the battle proceeded and what custer should have done differently

a detailed account of what happened to brevet major general george a custer and his command of the 7th cavalry on june 25 1876 this account draws heavily from previously unknown notes written by walter camp and looks into the specific details of that day before during and after the battle presents a likely scenario of how and why custer s command met with defeat against crazy horse and the oglala sitting bull and the lakota sioux and northern cheyenne tribes

library catalog records often do not adequately describe the contents of books or of the illustrative materials they contain and as a result it is often difficult to locate drawings or photographs and far more difficult to find specific ones equally troublesome to historians is finding material on individual indians scattered through numerous books this work remedies these twin problems as they relate to books about the great plains indian tribes the index has two uses it guides students researchers and general readers to photographs drawings maps and other illustrative materials that appear in selected books about native americans published within the last 75 years and it guides researchers to more than 1 200 biographical references to individuals found in these books tribes covered include the arapahoe cheyenne crow gros ventre kiowa omaha pawnee sioux and winnebago among many others
