drawing on literary and archaeological evidence david a dorsey examines the road system in israel during the iron age ca 1200 586 b c he offers a comprehensive investigation of the nature and physical characteristics of roads in ancient israel and reconstructs israel s road network as it existed during the old testament period

through careful analysis of Jack Kerouac's *On the Road*, Omar Swartz argues that Kerouac's influence on American society is largely rhetorical. Kerouac's significance as a cultural icon can be best understood, Swartz asserts, in terms of traditional rhetorical practices and principles. To Swartz, Kerouac is a rhetor who symbolically reconstructs his world and offers arguments and encouragements for others to follow. Swartz proposes that *On the Road* constitutes a rhetorical vision, a reality-defining discourse suggesting alternative possibilities for growth and change. Swartz asserts that the reader of Kerouac's *On the Road* becomes capable of responding to the larger, confusing culture in a strategic manner. Kerouac's rhetorical vision of an alternative social and cultural reality contributes to the identity of localized cultures within the United States.
