poems written between january 25 1962 and february 1966 some previously published in

various periodicals

a selection of poems by contemporary american author anne sexton drawn primarily from eight previously published collections

health illness and disease are topics well suited to interdisciplinary inquiry this book brings together scholars from around the world who share an interest in and a commitment to bridging the traditional boundaries of inquiry we hope that this book begins new conversations that will situate health in broader socio cultural contexts and establish connections between health illness and disease and other socio political issues this book is the outcome of the first global conference on making sense of health illness and disease held at st catherine s college oxford in june 2002 the selected papers pursue a range of topics from the cultural significance of narratives of health illness and disease to healing practices in contemporary society as well as patients illness experiences

winner of the pulitzer prize a gripping poetry collection mapping the thorny journey from madness to hope with her emotionally raw and deeply resonant third collection live or die anne sexton confirmed her place among the most celebrated poets of the twentieth century sexton described the volume which depicts a fictionalized version of her struggle with mental illness as a fever chart for a bad case of melancholy from the halls of a psychiatric hospital the scene of the disordered scenes in flee on your donkey to a child s playroom a graveyard full of dolls in those times these gripping poems offer profound insight on the agony of depression and the staggering acts of courage and faith required to emerge from its depths along with other confessional poets like sylvia plath and robert lowell sexton was known for grappling with intimate subjects traditionally considered taboo for poetry such as motherhood menstruation and drug dependence live or die features these topics in candid and unflinching detail as sexton represents the full experience of being alive and a woman as few poets have before through bold images and startlingly precise

language sexton explores the broad spectrum of human emotion ranging from desperate despair to unfettered hope

featuring original contributions by scholars in the field of women s studies this invaluable reference illuminates the lives and works of maya angelou kate chopin joan didion anne tyler susan sontag gertrude stein zora neale hurston flannery o connor sylvia plath anne sexton and others

reviews and essays tracing the critical reputation of this poet presenting a balanced historical record of critical reaction no bibliography annotation copyrighted by book news inc portland or

surrealist writer andré breton praised hysteria for being the greatest poetic discovery of the nineteenth century but many physicians have since viewed it as the wastebasket of medicine a psychosomatic state that defies attempts at definition and cure and that can be easily mistaken for other pathological conditions in light of a resurgence of critical interest in hysteria leading feminist scholar elisabeth bronfen reinvestigates medical writings and cultural performance to reveal the continued relevance of a disorder widely thought to be a romantic formulation of the past through a critical rereading she develops a new concept of hysteria one that challenges traditional gender based theories linking it to dissatisfied feminine sexual desire bronfen turns instead to hysteria s traumatic causes particularly the fear of violation and shows how the conversion of psychic anguish into somatic symptoms can be interpreted today as the enactment of personal and cultural discontent tracing the development of cultural formations of hysteria from the 1800s to the present this book explores the writings of freud charcot and janet together with fictional texts radcliffe stoker anne sexton opera mozart wagner cinema cronenberg hitchcock woody allen and visual art marie ange guillemot cindy sherman each of these creative works attests to a particular relationship between hysteria and self fashioning and enables us to

read hysteria quite literally as a language of discontent the message broadcasted by the hysteric is one of vulnerability vulnerability of the symbolic of identity and of the human body itself throughout this work bronfen not only offers fresh approaches to understanding hysteria in our culture but also introduces a new metaphor to serve as a theoretical tool whereas the phallus has long dominated psychoanalytical discourse the image of the navel a knotted originary wound common to both genders facilitates discussion of topics relevant to hysteria such as trauma mortality and infinity bronfen s insights make for a lively innovative work sure to interest readers across the fields of art and literature feminism and psychology originally published in 1998 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905
