the onion with its unique brand of deadpan satirical humor has become a familiar part of the american scene the newspaper has a readership of over a million and reaches millions more with its spin off books and onion news network the onion has shown us that standard ways of thinking about the news have their grotesque and silly side and this invites philosophical examination twenty one philosophers were commissioned to provide witty philosophical perspectives on just what makes the onion so truthful and insightful former governor sarah palin reported i just couldn t put it down the onion and philosophy is the most exciting book i ve read since principia mathematica are the onion writers truly cynical or just cynically faking it does the onion really have a serious point of view on religion on sex on politics who cares what area man thinks if everyone s so dumb how come so many onion readers keep on laughing at how dumb they are

world of warcraft is the most popular ever mmorpg massively multiplayer online role playing game with over twelve million subscribers and growing every day wow is everywhere from episodes of south park and the simpsons to online series like watch the guild accolades and awards from game critics prime time commercials with william shatner and mr t and even criminal and civil courts in the real world people marry and divorce individuals they have met in the game realworld financial markets thrive in virtual wow property parents have their kids treated for warcraft addiction and real world lawsuits vendettas and murders have been provoked by the game since identities are known to be assumed is it okay to totally misrepresent yourself in the game does the corrupted blood epidemic warn us of future public health catastrophes how can it be wrong to steal something which doesn t exist or torture characters who don t feel pain is warfare really essential to the world of warcraft what can our own world learn from azeroth s blend of primitivism and high tech a specially commissioned guild of philosophers tackle these and other hard questions in world of warcraft and philosophy finally something horde and alliance alike can enjoy log off and curl up with world of warcraft and philosophy you ll level up your intellect for better boasting at your next guild party and cocktail party alike

reunites the editors of star trek and philosophy with starfleet s finest experts for 31 new highly logical essays features a complete examination of the star trek universe from the original series to the most recent films directed by j j abrams star trek 2009 and star trek into darkness 2013 introduces important concepts in philosophy through the vast array of provocative issues raised by the series such as the ethics of the prime

directive star trek s philosophy of peace data and voyager s doctor as persons moral relativism and the federation s quest for liberation the effect of alternate universes on reality and identity the borg as transhumanists federation treconomics star trek s secular society and much much more an enterprising and enlightening voyage into deep space that will appeal to hardcore fans and science fiction enthusiasts alike publishing in time to celebrate the 50th anniversary of the original tv series

taking its point of initiation from the long standing dialogue between poetry and philosophy concerning their respective claims to contrasting orders of insight this book tackles issues relating to the differing conditions of knowledge and insights relating to language and thought imparted by modern poets and philosophers from kant and wordsworth to adorno and hardy the book draws on recent debates in literary theory and philosophy in order to outline a new dialogic approach for conducting comparative criticism and literary history the poets and the philosophers appear under configurations of reading that produce considerations that are unexpected yet strangely fitting

integrated history and philosophy of science ihps is commonly understood as the study of science from a combined historical and philosophical perspective yet since its gradual formation as a research field the question of how to suitably integrate both perspectives remains open this volume presents cutting edge research from junior ihps scholars and in doing so provides a snapshot of current developments within the field explores the connection between ihps and other academic disciplines and demonstrates some of the topics that are attracting the attention of scholars who will help define the future of ihps

this book represents a bold statement concerning the excitement and energy of the field of sports ethics and philosophy in contemporary terms it is comprised of a collection of commissioned essays from the leading international scholars in the field to celebrate the ten year editorship of mike mcnamee for the journal sport ethics and philosophy the collection includes essays familiar sport philosophers on work about the nature and nuances of sports and games playing winning and losing role models and strategic fouling it also celebrates in phenomenological terms the complex and heterogeneous experience and values of sports in both phenomenological and analytic modes finally it addresses the most serious threats to sport integrity and governance in the shape of doping and the unchecked power of sports institutions and the charisma of sport that is at the mercy of commercialism this book was originally published as a special issue of sport ethics and philosophy

an ambitious history of how medieval writers came to terms with paganism from the turn of the fifth century to the beginning of the eighteenth christian writers were fascinated and troubled by the problem of paganism which this book identifies and examines for the first time how could the wisdom and virtue of the great thinkers of antiquity be reconciled with the fact that they were pagans and many thought damned related questions were raised by encounters with contemporary pagans in northern europe mongolia and later america and china pagans and philosophers explores how writers philosophers and theologians but also poets such as dante chaucer and langland and travelers such as las casas and ricci tackled the problem of paganism augustine and boethius set its terms while peter abelard and john of salisbury were important early advocates of pagan wisdom and virtue university theologians such as aquinas scotus ockham and bradwardine and later thinkers such as ficino valla more bayle and leibniz explored the difficulty in depth meanwhile albert the great inspired boethius of dacia and others to create a relativist conception of scientific knowledge that allowed christian teachers to remain faithful aristotelians at the same time early anthropologists such as john of piano carpini john mandeville and montaigne developed other sorts of relativism in response to the issue a sweeping and original account of an important but neglected chapter in western intellectual history pagans and philosophers provides a new perspective on nothing less than the entire period between the classical and the modern world

hatab s work is more than an interpretative study inspired by nietzsche and heidegger of the historical relationship between myth and philosophy in ancient greece its conclusions go beyond the historical case study and amount to a defence of the intelligibility of myth against an exclusively rational or objective view of the world

here are some of the reasons to be proud to be greek alexander the great greatest conqueror of them all olympic games past and present olympia dukakis george stephanopoulos and yanni birth of democracy cradle of western civilization aesop s wise and winning fables warm souvlaki cold retsina and every greek diner you ever ate in

philosophy and literature are natural allies philosophy supplying perennial themes raised anew from one generation to the next literature providing vivid illustrations of the meaning and poignancy of abstract thought illuminates basic philosophical concepts through literary works this

unique text introduces students to philosophy through the medium of great literature the book is divided into seven parts each devoted to the illumination of a basic philosophical concept such as knowledge truth personal identity ethics and justice through the use of literary selections from sophocles oedipus the king james joyce araby kafka the metamorphosis and john dos passos the house of morgan among many others the editors have given special attention to choosing the right combination of literary piece and philosophical issue to ensure that the story or play lend itself to philosophical scrutiny selections of the best philosophical writings the questions raised by these selections are then explored further through some of the best philosophical writings available including the writings of aristotle william james plato locke john stuart mill and many other classic philosophers as well as contemporary pieces from richard rorty peter unger john rawls john hick and others in each chapter the editors have attempted to include the clearest presentation of a particular point of view sometimes going back to an earlier article not generally found in other current texts throughout they have made an effort to balance the analytic tradition with hermeneutics and feminist philosophy excellent introduction for studentsevery chapter is introduced with an essay by the editors that provides a unifying thread through the various philosophical and literary pieces that follow each chapter ends with discussion questions and suggestions for further study the result is a volume that will provide students with a valuable tool for illuminating timeless as well as contemporary issues and an introduction to philosophy that they will remember and to which they can return over and over again

this is a topically organized introduction to the traditional problems of philosophy it aims to introduce readers to traditional philosophical problems and to expose readers to philosophical argumentation in such a way that they will feel confident in handling abstract concepts

excerpt from thoughts on religion and philosophy a new translation with an original memoir of the author and an introductory essay those periodic agitations to which all social systems whether civil or religious are liable carry with them a twofold and opposite influence the one and the most direct tending to give rise to similar movements in neighbouring communities and the other operating with hardly less force to preclude any such convulsions where else they probably would or certainly must have taken place by the very same spectacle of public commotions minds of a certain class are animated to action and hurried into the midst of perils while others are as effectively deterred from giving scope to their rising energies in this way every revolution which history records may be reckoned at once to have caused and to have prevented kindred changes about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

If you ally habit such a referred **Logic And Philosophy A Modern Introduction 12th Edition** book that will present you worth, acquire the enormously best seller from us currently from several preferred authors.
