an insightful review of the collapse of the traditional retail sector in the west and a roadmap for its potential recovery almost weekly the news is full of stories about disappearing retail chains from house of fraser and bhs to toys r us and sears recognised names are vanishing overnight as such large organizations disappear so the malls shopping centres high streets and main streets become emptier and less appealing to visit the retail sector is hugely important in terms of job numbers in the us it employs around 30 million people directly and indirectly in the uk around 10 million as such anything that jeopardises the retail sector will have a deep and lasting impact on millions of lives as well as on public policy while many blame the amazon effect this is an oversimplification deeper forces are at work that are changing people's relationships with brands the balance of power between producers and consumers and the whole nature of the supply chain that has existed since the industrial revolution retail therapy offers a comprehensive analysis of these forces and their impact on the world of retailing more importantly it presents a cogent analysis of the longer term trends that are shaping retailing and outlines a clear road map for sustainable success in the future

traditional retail is becoming increasingly volatile and challenged as a business model brick and mortar has shifted to online while online is shifting into pop up storefronts virtual stores in subway platforms and airports are offering new levels of convenience for harried commuters high street and main street are becoming the stuff of nostalgia the big box is losing ground to new models that attract consumers through their most trusted assistant the smartphone what's next what's the future for you a retailer who is witnessing a tsunami of change and not knowing if this means grasping ahold of new opportunity or being swept away the retail revival answers these questions by looking into the not so distant retail past and by looking forward into a future that will continue to redefine retail and its enormous effect on society and our economies massive demographic and economic shifts as well as historic levels of technological and media disruption are turning this once predictable industry where average was king into a sea of turbulent change leaving consumer behavior permanently altered doug stephens internationally renowned consumer futurist examines the key seismic shifts in the market that have even companies like walmart and procter gamble scrambling to cope and explores the current and future trends that will completely change the way we shop the retail revival provides no nonsense clarity on the realities of a completely new retail marketplace realities that are driving many industry executives to despair but the future need not be dark stephens offers hope and guidance for any businesses eager to capitalize on these historic shifts and thrive entertaining and thought provoking the retail revival makes sense of a brave new era of consumer behavior in which everything we thought we knew about retail is being completely reimagined praise for the retail revival it doesn't matter what type of retail you do if you sell something somewhere you need to read doug stephens the retail revival packed with powerful insights on the changing retail environment and what good retailers should be thinking about now the retail revival is easy to read well organized and provides essential food for

thought gregg saretzky president and ceo westjet this book captures in sharp detail the deep and unprecedented changes driving new consumer behaviors and values more importantly it offers clear guidance to brands and retailers seeking to adapt and evolve to meet entirely new market imperatives for success john gerzema author of *spend shift* and the athena doctrine the retail revival is a critical read for all marketing professionals who are trying to figure out what's next in retail doug stephens does a great job of explaining why retail has evolved the way it has and the book serves as an important trusted guide to where it's headed next joe lampertius svp shopper marketing momentum worldwide and owner la spezia flavor market doug stephens has proven his right to the moniker retail prophet with careful analysis and ample examples the author makes a compelling case for retailers to adapt change and consequently revive their connection with consumers stephens presents actionable recommendations with optimism and enthusiasm just the spoonful of sugar we need to face the necessary changes ahead kit yarrow pb d consumer psychologist professor golden gate university co author *gen buy how* tweens teens and twenty somethings are revolutionizing retail doug stephens doesn't just tell you why retail is in the doldrums he tells you why retail is a major signpost for the larger troubles of our culture and provides a compelling inspiring vision for a future of retail and business and society eric garland author of *future inc* how businesses can anticipate and profit from what's next

the retail world is undergoing a fundamental transformation rapidly evolving technology globalization and a saturated marketplace offer consumers instant access to thousands of equally compelling products and services creating unprecedented levels of expectation the impact of these changes is so profound that 50 percent of today's retailers and consumer companies will not survive it traditional business models will become extinct and the relationship between vendors and consumers will shift dramatically here industry experts robin lewis and michael dart identify the forces behind these changes and look at the retail heroes of today and tomorrow to see how their business models are responding to the modern marketplace they profile industry giants such as vf corporation owner of wrangler and the north face starbucks and ralph lauren as well as cutting edge favorites like apple gilt groupe and amazon to uncover why some retailers are so successful at reaching today's increasingly elusive and demanding customer while others miss the mark by a mile what they find are three crucial factors that determine whether businesses win or lose neurological connectivity creating an addictive irresistible shopping experience from preshopping anticipation to consumption satisfaction preemptive distribution using all possible distribution platforms to access consumers ahead of the competition value chain control vertically integrating control of a company's entire value chain from creation through point of sale for maximum delivery on the brand promise this essential formula lewis and dart argue is responsible for virtually every retail success story of the past few decades so while the landscape may never look the same the new rules of retail gives business leaders the tools they need to not only survive but thrive
