a collection of twelve previously published academic essays on the second letter of peter the essays illuminate selected features of this somewhat mysterious and rather neglected part of the new testament they invite further exploration of these features and of others not yet illuminated

pastors and scholars today lament the old testament s neglect in the west but this is nothing new in the eighteenth century natural philosopher john hutchinson witnessed the old testament becoming devalued as scripture in his mind the blame lay with isaac newton in the quest to save the old testament david ney traces the battle over scripture during the enlightenment period for hutchinson critical

scholarship's enchantment with the naturalism of Newton undermined the study of the Old Testament as cultural forces reshaped biblical interpretation. Hutchinson spawned a movement that sought above all to reclaim the Old Testament as Christian scripture. Hutchinson's followers sought to be shaped by scripture, not culture, rejecting the Newtonian degradation of history. They offered a compelling figural defense of the Old Testament's doctrinal and moral significance: the Old Testament is the voice of providence; it is the means of discerning God's hand at work both in nature and in history. The quest to save the Old Testament is a timely retelling of attempts to save the Old Testament. *Back cover*

Here is the third of three volumes extending Ben Witherington's innovative socio-rhetorical analysis of New Testament books to the latter Pauline and non-Pauline corpora by dividing the volumes according to the socio-religious contexts for which they were written. Witherington sheds fresh light on the documents, their provenance, character, and importance.

Witherington and Myers provide a much-needed introduction to the ancient art of persuasion and its use within the various New Testament documents, more than just an exploration of the use of the ancient rhetorical tools and devices. This guide introduces the reader to all that went into convincing an audience about some subject. Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft-employed approaches of literary and discourse criticism. Familiarity with the art of rhetoric also helps the reader explore non-epistolary genres. In addition to the general introduction to rhetorical criticism, the book guides readers through the many and varied uses of rhetoric in most NT documents, not only telling readers about rhetoric in the NT but showing them the way it was employed. This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT, the value such studies bring for understanding what is being proclaimed and defended in the NT, and how Christ is presented in ways that would be considered persuasive in antiquity. *From the introduction*

In the first of three volumes, Witherington extends his innovative socio-rhetorical analysis of New Testament books to the later Pauline and non-Pauline corpora, placing each text within its socio-religious milieu and illuminating the particular issues that confronted each congregation, as well as the rhetorical strategies employed by each author in addressing those issues. Throughout, Witherington shows his thorough knowledge of recent literature on these texts and focuses his attention on the unique insights brought about through socio-rhetorical analysis that either reinforce or correct those gleaned from other approaches. Strikingly based on his rhetorical analysis, that either reinforce or correct those gleaned from other approaches, strikingly based on his rhetorical analysis of the pastorals, he makes the case for Luke as Paul's amanuensis for these letters. He also makes a strenuous argument against New Testament pseudepigrapha. *From back cover*

it was more than 20 years ago that george lucas introduced us to the star wars universe it was unlike any other science fiction movie of the time both in effects and its spiritual undertones naya was about eight years old when she first saw star wars like most of the kids her age she was enthralled by the excitement of it all but there was something else too seeing star wars opened new possibilities for her what if she could be a jedi knight it started out mostly as a game but after learning more about what the force was and what the jedi were it became a more serious goal of course she knew she couldn't be a real jedi at least not in the star wars sense but a seed had been planted in the back of her mind and something had been set into motion something that at the time was no more than a whisper in the back of her mind star wars was the spark she needed to ignite the flame that lead her to her path
