the California three strikes law was passed in 1994 as a wave of strike laws swept the United States. California's law was unique however because people convicted of possession of a small amount of narcotics or who committed petty crimes like shoplifting were receiving life sentences. Kieso studies prosecutorial discretion, judicial discretion, jury discretion with a focus on the inconsistencies in California's usage of its three strikes law. Contrary to the U.S. Supreme Court's 2003 decision *Ewing v. California* which upheld the law and to public perception, Kieso demonstrates that many unjust cases result from flaws in California's political system.

From one of the foremost authorities on education in the United States, *Slaying Goliath* is an impassioned, inspiring look at the ways in which parents, teachers, and activists are successfully fighting back to defeat the forces that are trying to privatize America's public schools. Diane Ravitch writes of a true grassroots movement sweeping the country from cities and towns across America, a movement dedicated to protecting public schools from those who are funding privatization and who believe that America's schools should be run like businesses and that children should be treated like customers or products. *Slaying Goliath* is about the power of democracy, about the dangers of plutocracy, and about the potential of ordinary people armed like David with only a slingshot of ideas, energy, and dedication to prevail against those who are trying to divert funding away from our historic system of democratically governed, nonsectarian public schools. Among the lessons learned from the global pandemic of 2020 is the importance of our

public schools and their teachers and the fact that distance learning can never replace human interaction the pesonal connection between teachers and students
