an utterly revelatory work unprecedented in scope detail and ambition

every teacher every student of history every citizen should read this book it is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself howard zinn a new edition of the national bestseller and american book award winner with a new preface by the author since its first publication in 1995 lies my teacher told me has become one of the most important and successful history books of our time having sold nearly two million copies the book also won an american book award and the oliver cromwell cox award for distinguished anti racist scholarship and was heralded on the front page of the new york times for this new edition loewen has added a new preface that shows how inadequate history courses in high school help produce adult americans who think

donald trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective what started out as a survey of the twelve leading american history textbooks has ended up being what the san francisco chronicle calls an extremely convincing plea for truth in education in lies my teacher told me james w loewen brings history alive in all its complexity and ambiguity beginning with pre columbian history and ranging over characters and events as diverse as reconstruction helen keller the first thanksgiving the my lai massacre 9 11 and the iraq war loewen offers an eye opening critique of existing textbooks and a wonderful retelling of american history as it should and could be taught to american students

the making of new world slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery the baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations to illustrate this thesis blackburn examines the deployment of slaves in the colonial possessions of the portuguese the spanish the dutch the english and the french plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states robin blackburn argues that the organization of slave plantations placed the west on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected finally he shows that the surge of atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the industrial revolution and the rise of the west

we hold these truths to be self evident an interdisciplinary analysis of the roots of racism and slavery in america delves into the philosophical historical socio cultural and political evolution of racism and slavery in america the premise of this work is that racism and slavery in america are the result of an unintentional historical intertwining of various western philosophical religious cultural social economic and political strands of thought that date back to the classical era these strands have become tangled in a gordian knot which can only be unraveled through the bold application of a variety of multidisciplinary tools by doing so this book is intended help the reader understand how the united states a nation that claims all men are created equal could be responsible for slavery and the intractable threads of racism and inequality that have become woven into its cultural the fabric

seeking the reasons behind jewish altruism toward african americans hasis finer shows how in the wake of the leo frank trial and lynching in atlanta jews came to see that their relative prosperity wa sno protection against the same social forces that threatened blacks jewish leaders and organizations genuinely believed in the cause of black civil rights diner suggests but they also used that cause as a way of advancing their own interests launching a vicarious attack on the nation that they felt had not lived up to its own ideals of freedom and equality

for the first time told in its entirety the social and cultural experience of new york s lower east side comes vividly to life in this book as that of a huge and complex

laboratory ever swelled and fed by migrant flows and ever animated by a high voltage tension of daily research and resistance the fascinating history of the historical immigrant quarter that in manhattan stretches between east 14th street east river the access to the brooklyn bridge and lafayette street irish and germans at first then chinese and italians and east european jews and finally puerto ricans gave birth in its streets and sweatshops cafés and tenements to a lively multi ethnic and cross cultural community which was at the basis of several modern artistic expressions from literature to cinema from painting to theatre the book based upon a rich wealth of historical materials settlement reports autobiographies novels newspaper articles and on first hand experience explores the many different aspects of this long history from the late 19th century years to nowadays the way in which immigrants reacted to the new environment and entered a fruitful dialectics with america the way in which they reorganized their lives and expectations and struggled to defend a collective identity against all disintegrating factors the way in which they created and disseminated cultural products the way in which they functioned as a gigantic magnet attracting several outside artists and intellectuals the book thus has a long introduction detailing the present situation and mainly depicting the realities within the chinese and puerto rican communities and the fight against gentrification six chapters on the lower east side s past history its social and cultural geography the relationship among the several different communities the labor situation the literary output the development of an ethnic theatre the neighborhood s influences upon turn of the century american culture in the fields of sociology photography art literature and cinema and a conclusion summing up past and present and discussing the main aspects of a lower east side aesthetics

native peoples of north america still face an uncertain future due to their unstable political legal and economic positions views of their predicament continue to be dominated by non indian writers in response a dozen native american writers here reclaim their rightful role as influential voices in debates about native communities these scholars examine crucial issues of politics law and religion in the context of ongoing native american resistance to the dominant culture they particularly show how the writings of vine deloria jr have shaped and challenged american indian scholarship in these areas since 1960s they provide key insights into deloria s thought while introducing some critical issues confronting native nations collectively these essays take up four important themes indigenous societies as the embodiment of cultures of resistance legal resistance to western oppression against indigenous nations contemporary native religious practices and native intellectual challenges to academia essays address indigenous perspectives on topics usually treated by non indians such as role of women in indian society the importance of sacred sites to american indian religious identity and relationship of native language to indigenous autonomy a closing essay by deloria in vintage form reminds native americans of their responsibilities and obligations to one another and to past and future generations this book argues for renewed cultivation of a native american studies that is more indian centered

first published in 1991 routledge is an imprint of taylor francis an informa company

traces the turns of u s indian policy and the effects of white social attitudes on indian assimilation

explores the annihilation of seven million women of spirit and intelligence under the guise of witch hunts in reformation europe

the united states celebrates only two holidays that honor an individual martin luther king jr a man who gave his life fighting the legacy of slavery and christopher columbus the man who initiated it while the true story of columbus discovery of america is one of greed and subjugation the mythology that has been perpetuated throughout american history is a tragic irony that continues as we celebrate the quincentennial anniversary of his voyage the 25 essays and appendices in this book confront the popular view of columbus as an heroic explorer and discoverer the historical ramifications of columbus actions and the actions of those who followed are revealed in issues such as slavery and racism the ecological and biological impacts of colonization and the resulting holocaust of the indigenous peoples also challenged is the perpetuation of the columbus myth essays examine the teaching of columbus myths in schools the perception in current textbooks the way libraries influence the portrayal and teaching of columbus and the work of the christopher columbus quincentenary jubilee commission in addition to the three editors contributors include jose barreiro william bigelow steve charleston ward churchill jan elliot eduardo galeano hans koning james loewen luis guillermo lumbreras john mohawk jean sindab verena stolcke robert allen warrior and howard zinn
