praise and reviews quite simply this is the best book for learner drivers i have read kenneth parker adi the best driver teaching aid i have encountered andy howes adi about to take your driving test how confident are you of passing first time as with any examination your success depends very much on how well prepared you are learn to drive in 10 easy stages is noe established as one of the most popular and best selling guides to preparing for your driving test by following the carefully structured step by step programme it is guarenteed to boost your confidence and double your chances of passing first time this edition of learn to drive has been fully revised and updated to take account of the new test format designed to be as user friendly as possible this clearly illustrated guide will teach you all you need to ensure that you are well prepared for the theory and practical tests it covers getting to know the car the first steps in learning to drive handling all the manoeuvres using common sense and avoiding danger coping with higher speeds dealing with difficult situations for half the cost of a driving lesson you can immediately improve your chances of success

this third volume of driver behaviour and training displays recent advances in the study of driving behaviour and driver training how driver characteristics goals and motivations contribute to unsafe driving behaviour and the development of driver trai

research on driver behaviour over the past two decades has clearly demonstrated that drivers goals and motivations are important determinants of driver behaviour the importance of this work is underlined by statistics who figures show that road accidents are predicted to be the number three cause of death and injury by 2020 currently more than 20 million deaths and injuries p a the objective of the third volume and of the conference on which it is based is to describe and discuss recent advances in the study of driving behaviour and driver training it bridges the gap between practitioners in road safety and theoreticians investigating driving behaviour from a number of different perspectives and related disciplines a major focus is to consider how driver training and education needs to be adapted to raise awareness of the personal characteristics that contribute to unsafe driving behaviour with the aim of developing and reporting interventions to improve road safety the contributors consider the novice driver problem emotions and driver behaviour at work road safety technological interventions human factors and the road environment and rider behaviour the readership for this volume includes researchers from a variety of different academic backgrounds senior practitioners in road safety including regulatory authorities the police service and private and public sector personnel working with drivers and motorcyclists

the driving test how to pass written by a driving examiner there are many stories going around about the driving test and most of them are not very accurate people sometimes exaggerate or they just invent stories to cover up their own mistakes there is too much misleading information spread by people who express opinions instead of facts that's why anyone about to take the driving test should read this book faults explained you will find out how faults are assessed where they are marked the difference between a driving fault and a serious fault what the most common mistakes are and how to avoid them what happens on test the book takes you step by step through each part of the test for example the show me tell me questions the manoeuvres independent driving what your examiner wants to see there is no better way to prepare for your driving test than to read this book also available in paperback from ukdrivingskills co uk

contains summaries of the knowledge regarding the effects of 128 road safety measures this title covers various areas of road safety including traffic control vehicle inspection driver training publicity campaigns police enforcement and general policy instruments it also covers topics such as post accident care and speed cameras

despite a growing body of research and targeted remediation teenage and novice drivers continue to be six to nine times more likely to die in a crash than they are when they are just a few years older the world health organization reports that road traffic injuries are the leading cause of death globally among 15 to 19 year olds in light of these crash statistics understanding the teen driver problem remains of paramount public health importance around the world the handbook of teen and novice drivers research practice policy and directions provides critical knowledge for a broad range of potential readers including students teachers researchers in academics industry and the federal government public policy makers at all levels insurance companies and automobile manufacturers driving instructors and parents and their teens

craig preedy has been an approved driving instructor for since 2004 during that time he has taught hundreds of new drivers and worked with many large organisations developing their company car drivers he has focussed on developing his own skills as a driver and driver trainer obtaining 5 rosfa advance driving gold awards and he has continuously held the top grade for driving instructors since 2008 craig has sat in on hundreds of driving tests and observed how driving tests are conducted and its this knowledge and his

many years of experience that he brings to you in his easy to read book craig takes a simple approach looking at what s involved in learning to drive he gives advice on how to choose a driving instructor and looks at the top reasons why people fail their driving tests he gives simple and practical advice on how to avoid the same outcome this book is useful to anyone thinking of learning to drive who has already started learning or is considering teaching someone such as a family friend or family member he also gives some practical tips and advice on how to keep calm on the all important test day

manoeuvres don t have to be tricky this book covers all the manoeuvres that you need to know for the new driving test that was introduced in december 2017 plus a few extra should you want to try them debbie brewer is a dvsa approved driving instructor and in her experience she has found many different methods for teaching the manoeuvres the methods described in this book are those that she has found to be most useful to her pupils i have often been asked by my pupils to write down step by step instructions for each manoeuvre as we learn them so that they can take the instructions home this helps them embed their new knowledge by re reading about what they have learnt in lesson it also helps them if they are able to use the book to practice in their own car the manoeuvres covered in this book include the new test manoeuvres and also the old ones should you feel like adding to your skills this book is also helpful to pdis and adis as finding knew ways to teach manoeuvres is always useful

this handy little book provides an up to date comprehensive list of all the uk driving test show me tell me questions that can be asked together with the answers to revise and refer to this is an essential tool for anyone learning to drive and makes a perfect gift

this text guides the reader through the five stages of the syllabus of the written driving test practice tests are included and there are explanations of all the aspects of driving from parking rules and regulations through accident and breakdown procedures to the medical aspects of driving other information supplied includes safe handling of vehicles the legal aspect of driving and how to cope safely and competently with the practical driving test

there are more than 45 million drivers on the roads in the uk and counting but to be part of the club you have to first get your driving licence it s a special moment for any learner driver when the instructor turns to them and utters those momentous words i think you re ready for the test by then you ll most likely have driven hundreds of miles and have hours of experience behind the wheel under your

belt but if the prospect of taking the driving test doesn't inspire a certain amount of anxiety or trepidation you're blessed with nerves of steel in this book find out the real truth about quotas why hitting the kerb may not be the end why spending hours learning one of the hardest techniques is a waste of time why some mirror check techniques can cause you to fail when is too slow too slow how to make roundabout decisions easy why you should never give up what is the best time to take your test manoeuvres and how to make them easy how to ensure success on the independent drive i've gone the wrong way it's all over isn't it plus many more little known revelations

the entire dvsa 15 theory test revision question and answer sections as well as in depth comprehensive advice and guidance for passing the practical driving test

this newly updated incredible book and 60 minute audio mp3 download which costs far less than a single lesson could save you's on unnecessary driving lessons written by a retired top grade 6 instructor with over 50 years experience and who was the proprietor of one of south yorkshire's most successful driving schools you will be impressed by this totally unique product however please be warned that the content is controversial and not for dinosaurs this book shows how grossly unfair the driving test is and how to deal with this why some people keep failing why some women and men find learning more difficult why some people learn really easily unique ability analysis test by using the simple proven techniques as directed you will find out how you can control how easy the learning process will be how easy or difficult your driving test route will be how to eliminate driving test nerves how the weather will affect your test plus more and it works

a step by step guide to the practical driving test covers all the areas to be examined in the test together with tips from examiners bsm is the uk's leading driver training organisation offering a high quality learn to drive experience through a national network of retail centres and driving instructors our range of training books will benefit any learner looking to maximise the effectiveness of their driver training

welcome to driving test success this book will show you what to focus on during the test so that you will be confident and relaxed on the big day there are 15 lessons in this book and they are designed to help you avoid the faults commonly committed in driving tests

and to assist you to meet the standard required to pass the new zealand practical driving test for the following classes of licence 1r 1 2 3 4 5 6r 6 if you are about to sit a practical test for one of the above classes of driver licence it is important that you apply the correct procedures as set out in each lesson
