the prophecy puzzle is a study on the whole book of revelation not just end time events but as the title suggests it does go into great detail on these events and the order in which they will occur i attempt to bring many of the prophecies of the old testament into the book of revelation to give a clearer and perhaps surprising view of what is to occur in the near future my goal isn t to win everyone to my viewpoint but to encourage thought and provide an opportunity for god to teach from his holy word the bible i ve been a christian for more than twenty years which in itself has been a great blessing but one of the greatest blessings during this time has been the occupations the lord has provided for me this is true because for most of that time i ve been able to listen to five or six hours of christian radio a day this has enabled me to listen to the teachings of some of the finest teachers in modern times many of which disagree with each other almost as much as one can and still remain orthodox this unique privilege has allowed me to study many views on the end times which i believe has enabled me with god s help to understand them better also over these past twenty plus years i ve had the privilege to directly study under some great teachers for much of those twenty years i ve also taught a home bible study and frequently taught classes in my local church

who is this kindly spiritual and mysterious man that has lived in the community for so many years popular in the church as well as among the community he seems to play a part in many lives always willing to help out volunteer or be a good sounding board in fact john barzeb s fishing store as a rule caters to both friends and customers often indistinguishable at its cozy lakeside location john s strivings within the church and town have been perceived to be unselfish and peaceful as a rule but suddenly something has changed with this familiar neighbor young samuel bodden is an eight year old boy who enjoys the world in which he is growing up including school and church life his friends and his interests he has a fascination with science in particular and has recently become enthused about the discoveries made in the field of biblical archaeology his friendship with john was a natural one where despite the age difference samuel felt always to be in a very pleasant friendship mentoring mode then one day mr allen the local farmer delivers a closing prayer that greatly upsets young samuel causing him to literally run to john for help on the point of peaceful resolution mr allen then suddenly lashes out at samuel evoking a response from john that no one expected first he orders mr allen to silence and then to report to the pastor s office in due time the church begins preparing for a debate ostensibly between faith and science and which promises to alter the course of the church unknown details soon start to emerge about mr barzeb of jewish descent an expert in ancient hebrew the brother of an actual martyr and full of impeccable bible knowledge who is this neighbor named john as i read the novel besides the unique plot twists i was impressed with the resources cited these resources will help open the reader s mind to a wider understanding of the truths of the scriptures in a unique way as a biblical researcher and explorer i have found that holy history can only be understood through the lens of

scripture because it is here that the accuracy of the bible flourishes apart from the burdensome misinformation of so many man made traditions dr feinberg does a service to those who hold an unswerving allegiance to the truths presented on the pages of the bible and to think all of this comes alive inside this book where a surprise ending awaits leaving the reader slightly mystified and happily wondering dr robert cornuke of the base institute

the day of the lord unveiling the mysteries in the book of revelation establishes a revolutionary new perspective on how to view the approaching prophetic end times developed out of his own bible study for us soldiers who were asking hard questions about the apocalypse while deployed in support of operation iraqi freedom oif chaplain basal thoroughly addresses these mysteries and draws our attention to the major focus of the entire revelation this insight is revealed in two parallel but separate set of interwoven visions both sets of visions start with a broad overall big picture of what will take place then the picture is refined with more detail and finally the picture is brought into focus the first sets of visions are depicted in the seven seals seven trumpets and the seven bowls which culminates with the focus on the wrath of god the second set of visions which he calls the first second and third previews depict the struggle between the forces of god and satan and finally focuses with the third preview on the victorious christ

yahweh the lord god and his son yahshuah jesus christ made statements with regard to eschatology that have been spiritualized for over a millennium which has led to the belief in universalism the belief that yahshuah died for everyone well after one studies the original languages of the hebrew aramaic and greek the message of the kingdom of god was preached to and accepted by a certain house in the bible the other house rejected this message and yahshuah punished that house by taking the kingdom away from them and giving it to another nation bringing forth fruit there are only the house of israel the house of judah and the house of david mentioned in the bible all three existed then as they do today however most of today s babylonian priesthood churchianity refuses to accept the secular historical position with regard to the house of israel and who they are today the people groups which yahweh and yahshuah addressed still exist today however these people are all mixed up and known by different names but they do exist this book goes back to the origin of these people groups in the bible and brings them forward to the present using their old names in order to understand eschatology this brings us to the major question of is the bible only about

israel and if so how does it affect our eschatology today this book answers these hard questions

from the beginning of time thinkers have puzzled over the paradox of fate vs free will in theological terms this leads to the struggle between calvinism and arminianism as we explore this paradox we find that examining the fruit of each position reveals that the river of life seems to flow between these two extremes and that again truth involves a careful balance we hear a lot about the sovereignty of god and the prerogatives of our creator are pretty obvious as the children s riddle goes where does the gorilla sleep in the forest anywhere he wants to and as most of you have discovered he has also given us one of his greatest treasures his word jealous as he is of his name psalm 138 2 highlights for thou hast magnified thy word above thy name and indeed god has declared in detail the responsibilities he desires of his people the bible lays out just how he desires to be worshipped etc beyond the mysteries associated with the sovereignty of god and the libraries are full of studies on that subject there emerges what is to many of us an even more troubling mystery the sovereignty of man internationally recognized biblical authority chuck missler explores the fundamental paradox underlying our ultimate destiny

dr chuck missler a widely recognized biblical authority updates his classic study of christmas for 2007 he explores the background and myths surrounding our favorite holiday what really happened in bethlehem two thousand years ago who were the magi why a virgin birth what does a christmas tree have to do with it each year at christmas we celebrate the birth of jesus christ after the new year we struggle to remember to add a year as we date our checks which should remind us that the entire

western world reckons its calendar from the birth of the one who changed the world more than any other before or since it is disturbing to discover that much of what we have been taught about the christmas season seems to be more tradition than truth santa claus isn't the only myth or legend that has arisen out of this season on what loophole does the messianic hope rest

is our universe some kind of cosmic accident or is it the result of careful and skillful design what do scientists mean by the anthropic principle when compiling the many physical and mathematical subtleties which make up our universe scientist have discovered that a slight variation in any of them militates against the existence of life even at the atomic and sub atomic level the slightest variation in any of the primary constants of physics some as sensitive as one part in over 1 000 000 cause life to be impossible even secular science refers to these appearances of apparent design as the anthropic principle since they yield the impression that the universe was designed specifically for man
