this authoritative edition was originally published in the acclaimed oxford authors series under the general editorship of frank kermode it brings together an extensive collection of bacon s writing the major prose in full together with sixteen other pieces not otherwise available to give the essence of his work and thinking although he had a distinguished career as a lawyer and statesman francis bacon s lifelong goal was to improve and extend human knowledge in the advancement of learning 1605 he made a brilliant critique of the deficiencies of previous systems of thought and proposed

improvements to knowledge in every area of human life he conceived the essays 1597 much enlarged in 1625 as a study of the formative influences on human behaviour psychological and social in the new atlantis 1626 he outlined his plan for a scientific research institute in the form of a utopian fable in addition to these major english works this edition includes of tribute an important early work here printed complete for the first time and a revealing selection of his legal and political writings together with his poetry a special feature of the edition is its extensive annotation which identifies bacon's sources and allusions and glosses his vocabulary

this volume is a unique compendium of the works of robert and james adam both built and unbuilt it includes 900 illustrations the complete works of robert and james adam is reprinted here in its entirety updated and corrected this title covers every one of the 230 or so built works including 12 that have been recently discovered it is complemented by a completely new title unbuilt adam this mentions all the brothers important unbuilt projects and it discusses and illustrates 130 of them this volume gives an exceptionally thorough review of the brothers designs from public buildings to country houses and monuments to ceilings it is well informed and erudite it provides a mine of information for both the expert and the general reader and it uses the works covered to give an understanding of the adam manner

text from all nine volumes of complete works of swami vivekananda as well some unpublished material is available here all proceeds are donated to advaita ashrama india

renowned in her day for her scholarship and eloquence isotta nogarola 1418 66 remained one of the most famous women of the italian renaissance for centuries after her death and because she was one of the first women to carve out a place for herself in the male dominated republic of letters nogarola served as a crucial role model for generations of aspiring female artists and writers this volume presents english translations of all of nogarola's extant works and highlights just how daring and original her convictions were in her letters and orations nogarola elegantly synthesized greco roman thought with biblical teachings and striding across the stage in public she lectured the veronese citizenry on everything from history and religion to politics and morality but the most influential of nogarola's works was a performance piece dialogue on adam and eve in which she discussed the relative sinfulness of adam and eve thereby opening up a centuries long debate in europe on gender and the nature of woman and establishing herself as an important figure in western intellectual history this book will be a must read for teachers and students of women's studies as well as of renaissance literature and history

the first complete edition of the writings of james braid the man who coined the term hypnotism and founded hypnotherapy also includes braid's lost manuscript written just before his death in which he reviews his life's work for the french academy of sciences excerpts from the writings of his most devoted follower dr john milne bramwell are also included which describe braid's life and work the current editor provides detailed prefatory essays and commentary for the modern reader

edited by chopin's student and teaching assistant carl mikuli this edition includes highly authoritative versions of the 4 ballades 4 impromptus and 3 sonatas

bringing together mary klages's bestselling introductory books literary theory a guide for the perplexed and key terms in literary theory into one fully integrated and substantially revised expanded and updated volume this is an accessible and authoritative guide for anyone entering the often bewildering world of literary theory for the first time literary theory the complete guide includes accessible chapters on all the major schools of theory from deconstruction through psychoanalytic criticism to marxism and postcolonialism new chapters introducing ecocriticism and biographies expanded and updated guides to feminist theory queer theory postmodernism and globalization new and fully integrated extracts of theoretical and literary texts to guide students through their use of theory accessible coverage of major theorists such as saussure freud lacan foucault cixous deleuze and guattari and bhabha each chapter now includes reflection questions for class discussion or independent study and a cross referenced glossary of key terms covered as well as updated guides to further reading on each topic literary theory the complete guide is an essential starting point for students of critical theory

once people encounter the natural world and become aware of its intricacy fragility beauty and significance they will recognize the need for conservation the fascinating development of natural history studies in north america is portrayed through the life stories of 22 naturalists the 19th century saw early north american naturalists such as alexander wilson the father of american ornithology john james audubon and thomas nuttall describing and illustrating the spectacular flora and fauna they found in the new world scientists of the smithsonian institution and the canadian museum of nature worked feverishly to describe and catalogue the species that exist on the continent great nature writers such as florence merriam bailey cordelia stanwood margaret morse nice louise de kiriline lawrence and roger tory peterson wrote in depth about the lives and behaviours of birds early conservationists such as jack miner the father of conservation created nature preserves today noted naturalists such as robert nero robert bateman kenn kaufman and david allen sibley do everything they can to encourage people to experience nature directly in their lives and to care about its protection and preservation

of all the victorian poets edward lear has a good claim to the widest audience admired and championed by critics and poets from john ruskin to john ashbery he has also been read heard and loved by generations of children as a central figure in the literature of nonsense lear has also shaped the evolution of modern literature and his work continues to influence and inspire writers and readers today this collection of essays the first ever devoted solely to lear builds on a recent resurgence of critical interest and asks how it is that the play of lear's poetry continues to delight and to challenge our sense of what poetry can be these seventeen chapters written by established and emerging critics of poetry seek to explore and appreciate the playfulness embodied in the poems and to provide contexts in which it can be better understood and enjoyed they consider how lear's poems play off various inheritances the literary fool romantic lyric his religious upbringing explore particular forms in which his playful genius took flight his letters his queer writings about love and trace lines of learical influence and inheritance by showing how other poets and thinkers across the nineteenth and twentieth centuries played off lear in their turn joyce stein eliot auden smith ashbery and others

classical debates for the 21st century distinctively reconsiders the canon of political thought in the context of current world events by presenting debates between the ideas of classical theorists it is through these debates that thomas o hueglin argues that exclusive state sovereignty individual citizenship and majority rule have become questionable categories of political theory and practice in a globalizing world to a large extent the classical canon of political thought has been constructed in order to give legitimacy to these categories but it is time to rethink the validity of that canon and to search for alternative voices and traditions that emphasize plurality shared sovereignty and complex patterns of representation and decision making this does not mean that the familiar names in the classical canon have to disappear but they should be examined more critically for their continued importance and additional theorists thus far neglected should complement them each chapter is organized as a debate between two theorists with contrasting views and approaches at the end of each chapter there is a critical evaluation of these political theorists continued or renewed relevance

sport and architecture are two elements of contemporary life that have a broad and profound impact on the world around us the role architecture plays in shaping buildings and societies has occupied historians for centuries likewise the cultural economic and political importance of sport is the subject of sustained academic inquiry when sport and architecture converge as in the 2012 london olympics or the 2014 world cup in brazil then the impact of these two forms of social activity is redoubled this book presents a new and dynamic study of the complex relationship between sport and architecture it explores the history of sport architecture and examines the buildings and events that create sites where sport and architecture converge in particularly telling ways its chapters discuss the following topics sport architecture and urban redevelopment sport architecture and technology sport architecture and nationalism sport architecture as social activism sport architecture and global capitalism by considering the importance of architectural form alongside these key themes this book represents a landmark study for anybody interested in the social and cultural significance of architecture or sport

india 2020 a reference annual is a comprehensive digest of the country's progress in different fields the book deals with all aspects of development from rural to urban industry to infrastructure science and technology to art and culture economy health defence to education and mass communication the sections on general knowledge current affairs sports and important events are a must read for comprehensive understanding of these fields
