in today's digital era the significance of standards in modernization and innovation cannot be overstated often overlooked as purely technical aspects they today reveal their profound economic and political impact focusing on India and China this book sheds light onto the standardization approaches of these two dynamic nations with insights from both academic and practical perspectives this book shows how China's centralized planning and structured institutions contrast with India's emerging hybrid model which reflects its rich diversity both countries possess untapped technological potential that is poised to reshape the global standardization landscape what do these developments mean for the German and European economies find out in the concluding chapters as the authors explore the implications of these standardization trends on a global scale this book is essential reading for professionals navigating the ever evolving intersection of modernization innovation and global standards as well as for researchers interested in a better understanding of standardization strategies

using a range of calculative devices mis managing macroprudential expectations explores the methods used by central banks to predict and govern the tail risks that could impact financial stability through an in depth case study the book utilises empirically informed theoretical analysis to capture these low probability and high impact events and offers a novel conceptualisation of the role of risk modelling within the macroprudential policy agenda

this text explores international business economics from a European perspective dealing not only within business in Europe but with the external trading relationships of the EU and the position of European firms in a globalized economy an extensive website provides lecturers with support material also available is a companion website with extra features to accompany the text please take a look by clicking below palgrave.com/business/piggott

this volume considers the ways in which educational research is being shaped by policy across the globe policy effects on research are increasingly influential as policies in and beyond education drive the formation of a knowledge based economy by supporting increased international competitiveness through more effective evidence based interventions in schooling education and training systems what consequences does this increased steering have for research in education how do transnational agencies make their influence felt on educational research how do national systems and traditions of educational research and relations with policy respond to these new pressures what effects does it have on the quality of research and on the freedom of researchers to pursue their own agendas the 2006 volume of the world yearbook of education explores these issues focusing on three key themes globalising

policy and research in education steering education research in national contexts global local politics of education research the 2006 volume has a truly global reach incorporating transnational policy perspectives from the oecd and the european commission alongside national cases from across the world in contrasting contexts that include north and south america canada france singapore china russia and new zealand the range of contributions reflect how pervasive these developments are how much is new in this situation and to what extent evidence based policy pressures on research in education build on past relationships between education and policy this book considers the impact of the steering processes on the work and identities of individual researchers and considers how research can be organised to play a more active role in the politics of the knowledge economy and learning society

this text looks at context techniques and strategies involved in successful international marketing it sets out to provide a good balance of the theory and implementation behind international marketing

the increasing globalisation of markets and competition drives the strategic approach towards international marketing programmes to the very heart of corporate success in the beginning of the 21st century more than ever the marketing manager of today has to permanently balance the potential advantages of an international marketing standardisation and the benefits gained by an adaptation to local preferences therefore this book aims not only at providing a stron theoretical background of key concepts past notions and the latest developments in the international marketing debate instead it also focuses on key factors which determine an adequate international marketing strategy with regard to consumer goods industrial goods and services thus this study elaborates on crucial aspects applying to international marketing managers facing global competition by analysing empirically the marketing approach chosen by the 500 largest german companies by turn over which represent to quite some extent one of the most successful and internationally orientated economy in the world contents standardisation debate in international marketing degree of marketing programme standardisation marketing process standardisation internal and external contingency factors the impact of marketing standardisation on financial and non financial performance
