what is meant by the puritan literary tradition and when did the idea of puritan literature as distinct from puritan beliefs and practices come into being the answer is not straightforward this volume addresses these questions by bringing together new research on a wide range of established and emerging literary subjects that help to articulate the puritan literary tradition including political polemic and the performing arts conversion and new world narratives individual and corporate life writings histories of exile and womens history book history and the translation and circulation of puritan literature abroad puritan epistolary networks discourses of puritan friendship the historiography of puritanism defined through editing and publishing doctrinal controversy and the history of emotions this essay collection proposes that a puritan literary

tradition existed that was distinct from broader conceptions of early modern english and protestant traditions and offers a nuanced account of the distinct and variegated contribution that puritanism has made to the construction of literature as a concept in english it ranges from the late sixteenth through to the nineteenth century and spans british european and american puritan cultures it offers new analyses of well known puritan writers such as anne bradstreet john bunyan richard baxter and john milton as well as less familiar figures such as mary rowlandson and joseph hussey and writers less often associated with puritanism such as andrew marvell and aphra behn
