over the past two decades the democratic republic of congo has been at the centre of the deadliest series of conflicts since the second world war and now hosts the largest united nations peacekeeping mission in the world in this compelling book acclaimed journalist michael deibert paints a picture of a nation in flux inching towards peace but at the same time solidifying into another era of authoritarian rule under its enigmatic president joseph kabila featuring a wealth of first hand interviews and secondary sources the narrative travels from war torn villages in the country s east to the chaotic pulsing capital of kinshasa in order to bring us the voices of the congolese from impoverished gold prospectors and market women to government officials as it explores the complicated political ethnic and economic geography of this tattered land a must read for anyone interested in contemporary africa the democratic republic of congo between hope and despair sheds new light on this sprawling and often misunderstood

country that has become iconic both for its great potential and dashed hopes

us foreign policy making from the end of the cold war to after 2001 is crucial to understanding the years of strong us engagement with pakistan that would follow 9 11 this book explains pakistan s strategic choices in the 1990s by examining the role of the united states in the shaping of islamabad s security goals drawing upon a diverse range of oral history interviews as well as available written sources the book explains the american contribution to pakistani security objectives during the presidency of bill clinton 1993 2001 the author investigates and explains the dynamics which drove islamabad s pursuit of nuclear weapons its support for the taliban and its approach towards the indigenous uprising in indian kashmir she argues that clinton s foreign policy contributed to the hardening of islamabad s security perspectives creating space for the pakistani military establishment to pursue its regional security goals the book also discusses the argument that us pakistan relations during this period were driven by a cold war mindset causing a fissure between us global and pakistan s regional security goals the pakistani military and civilian leadership utilized these divergent and convergent trends to protect islamabad s india centric strategic interests the book addresses a gap in the relevant literature and moves beyond the available mono causal explanations often distorted by a mixture of intellectual obfuscation and political rhetoric it adds a pakistani perspective and is a valuable contribution to the study of us pakistan relations

historicising heritage and emotions examines how heritage is connected to and between people and places through emotion both in the past and today discussion is focused on the overlapping categories of blood families and bloodlines stone monuments and memorials and land landscape and places imbued with memories with the contributing authors exploring the ways in which emotions invest heritage with affective power and the

transformative effects of this power in individual community and cultural contexts the 13 chapters that make up the volume take examples from the premodern and modern eras and from two connected geographical regions the united kingdom and australia and the pacific each chapter seeks to identify historicise and contextualise the processes of heritage and the emotional regimes at play locating the processes within longer historical and transnational genealogies and critically appraising them as part of broader cultural currents theoretically grounded in new approaches to the history of emotions and critical heritage studies the analysis challenges the traditional scholarly focus on heritage in its modern forms offering multifaceted premodern and modern case studies that demonstrate heritage and emotion to have complex and vibrant histories offering transhistorical and multidisciplinary discussion around the ways in which we can talk about discuss categorise and theorise heritage and emotion in different historical contexts historicising heritage and emotions is a valuable resource for students and scholars interested in heritage emotions and history

the oecd nuclear energy agency nea first published in 2000 nuclear education and training cause for concern which highlighted significant issues in the availability of human resources for the nuclear industry ten years on nuclear education and training from concern to capability considers what has changed in that time and finds that while some countries have taken positive actions in a number of others human resources could soon be facing serious challenges in coping with existing and potential new nuclear facilities this is exacerbated by the increasing rate of retirement as the workforce ages this report provides a qualitative characterisation of human resource needs and appraises instruments and programmes in nuclear education and training initiated by various stakeholders in different countries in this context it also examines the current and future uses of nuclear research facilities for education and training purposes regarding the nuclear training component of workforce competence it outlines a job taxonomy

which could be a basis for addressing the needs of workers across this sector it presents the taxonomy as a way of enhancing mutual recognition and increasing consistency of education and training for both developed and developing countries
