Recent discoveries of sacred texts such as the Gospel of Mary of Magdala and the Gospel of Thomas tell us that Mary Magdalene was independent, insightful, and courageous a woman so inspirational that her voice can still be heard across the ages. We are on a fascinating journey of life, of living and of learning to create for ourselves the life we always wanted, a life that fits neatly around the health, wealth, and happiness that most of us have always been striving for. Why haven't we been able to create this life? What has prevented us from having this mythical health, wealth, and happiness? Some have it and then lose it or throw it away, so often we either can't create it or we lose it because we have had absolutely no idea of how the energies of life work. This is what this book is all about: helping you to understand how life works and in that place you can then create your dreams. You become empowered to make better choices. Not everyone comprehends the very basic foundation of life that we do create: the reality in which we live. When you read this book, you will understand just how important this is. It is a valuable read for all those seeking answers to the meaning of life. We need this information to enable us to better understand and live in the new future we are in the process of creating.
