This book is probably the most comprehensive and detailed treatment of the festival of Chanukah in the English language. It commences by placing the festival in its historical context by surveying the history of the Jewish people from Abraham until Alexander and proceeds to explain the origin, nature and ramifications of Hellenism and the spiritually corrosive effects it had on Judea. Rabbi Jeffrey Cohen employs his customary analytical approach in looking at the classical sources afresh in order to describe the stages of the Maccabean revolt and the reoccupation and cleansing of the Temple. A major question that he addresses is how such a unique military victory could have been so downplayed in Jewish tradition to the extent that the miracle of the oil rather than the courageous Maccabean exploits has become the popular rationale of the entire festival. The author provides an encyclopaedic treatment of the festival embracing its development and history, philosophy, theology, rabbinic insights into the festival, its laws including women's obligations and customs, its celebration in home and synagogue, its observance among exotic Jewish communities as well as quiz questions and activities for the younger reader.

If you are craving such a referred **Magnetism Quiz**

**Questions And Answers** book that will offer you

worth, acquire the no question best seller from us

currently from several preferred authors. If you desire to droll books, lots of novels, tale, jokes, and more fictions collections are also launched, from best seller to one of the most current released.
