this book is about how to know god s will through the scriptures and wisdom instead of by  
supposedly hearing god s voice all my books can be read online for free at wayneodonnell  
com freely you have received freely give mt 10 8 this booklet is included in and comprises  
several sections in my book paul s decision making in acts anti charismatic pro jewish  
commentary on acts in 1980 garry friesen wrote decision making and the will of god a  
book that debunked the traditional view that god leads by inward impressions into his  
perfect specific will but bible teachers continue teach prayer is a two way conversation  
churches continue to question pastoral candidates about their call to the ministry and  
christians continue to try to discern god s inner voice to make decisions maybe it would  
help if we had more scholarly journal articles on the topic grudem i categorized the articles  
published in three refereed evangelical journals for the last five years before 2000  
westminster theological journal trinity journal and the journal of the evangelical theological

society not counting book reviews there were 257 scholarly articles on all topics but regarding god's guidance in our daily lives zero articles yet some understanding of god's guidance affects every christian every day of his or her life either garry friesen is right on that topic or he's wrong we should expect to see many more scholars contributing articles and books supporting and developing their viewpoints christians in the book of acts made their decisions by the word and wisdom not by listening for inward impressions i would love to read an exposition of the book of acts that showed paul the other apostles and their co workers making most of their decisions by listening for inward impressions but it would require reading that doctrine into the text rather than expositing it out of the text friesen in order to arrive at the conclusion of the traditional approach to decision making it is necessary to water down the biblical examples and spice up the biblical teaching examples like in acts are watered down to be less miraculous than they really are so we can think we're doing them too biblical teaching like in the epistles must be spiced up to be more specific than it really is for example a promise to israel to guide you continually is 58 11 doesn't actually say anything about christians being guided by inward impressions paul made most of his decisions by the word and wisdom not by inward impressions and only rarely by direct revelation even though he was the apostle on the cutting edge of jesus mission to bring the gospel to the gentiles most of paul's decisions in acts can be explained 17 principles he followed
