originally published in 1991 explaining the history of american foreign relations has become an

indispensable volume not only for teachers and students in international history and political science but also for general readers seeking an introduction to american diplomatic history this collection of essays highlights a variety of newer innovative and stimulating conceptual approaches and analytical methods used to study the history of american foreign relations including bureaucratic dependency and world systems theories corporatist and national security models psychology culture and ideology along with substantially revised essays from the first edition this volume presents entirely new material on postcolonial theory borderlands history modernization theory gender race memory cultural transfer and critical theory the book seeks to define the study of american international history stimulate research in fresh directions and encourage cross disciplinary thinking especially between diplomatic history and other fields of american history in an increasingly transnational globalizing world

one of america s most perceptive young historians examines the misunderstood dimensions and implications of a great question confronting the nation our foreign policy professor kolko makes it clear that our foreign policy is neither the result of omission or ignorance nor of a military industrial complex civilian authority and civilian defined goals he asserts are the consistent sources of american foreign policy from this premise kolko undertakes to investigate the respectables the self styled liberal realists and businessman who are the architects of the decades old premises of american foreign policy he also outlines the nature of american power and interests in the modern world and provides an assessment of who gains and who loses as a result of the policies washington pursues jacket

this is an authoritative volume of historiographical essays that survey the state of u s diplomatic history the essays cover the entire range of the history of american foreign relations from the colonial period to the present they discuss the major sources and analyze the most influential books and articles in the field includes discussions of new methodological approaches in diplomatic history

this volume relies on the natural chronology of historical events to organize and narrate the story as the nation s leaders saw it using this narrative approach the tangled and often confusing nature of foreign affairs is uncovered without the illusion that in the past american foreign relations took place in a well ordered fashion from this history students will understand the plight of present day policymakers who encounter an array of problems that are rarely susceptible to simple analysis and ready solution

for better or worse be it militarily politically economically technologically or culturally americans have had a profound role in shaping the wider world beyond them the united states has been a savior to some a curse to others but either way such views are often based on a

caricature of american actions and intentions american foreign relations then is a subject of immense global importance that provokes strong emotions and much debate but often based on deep misunderstanding this very short introduction analyzes the key episodes themes and individuals in the history of american foreign relations while discussing diplomacy and the periods of war that have shaped national and international history it also addresses such topics as industrialization globalization imperialism and immigration covering the revolution through the war on terror it examines the connections between domestic politics and foreign affairs as well as the importance of ideals and values sharply written and highly readable american foreign relations offers a clear eyed narrative of america s role in the world and how it has evolved over time about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

a survey of the historical literature on intelligence and national security during the cold war

this volume includes historiographical surveys of american foreign relations since 1941 by some of the country s leading historians some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history others survey the literature on us relations with particular regions of the world or on the foreign policies of presidential administrations the result is a comprehensive assessment of the historical literature on us foreign policy that highlights recent developments in the field

this third volume of the updated edition describes how the united states became a global power during the period from 1913 to 1945

describes the history of the foreign relations of the united states during a period when they emerged as a key global power

this is an elegant and concise history of american foreign relations during the cold war era based on the most recent american chinese and soviet literature written from a post cold war perspective all of the major foreign policy issues including the origins of the soviet american conflict the extension of the confrontation to asia the middle east and elsewhere on the periphery wars in korea and vietnam crises involving the taiwan straits berlin and cuba the rise and fall of detente imperial overreach and the critical roles of reagan and gorbachev in the 1980s are carefully analyzed and clearly explained

belief in the united states as a force for good in the world runs deep yet an honest

consideration reveals a history marred by great crimes and ordinary errors alongside many achievements and triumphs in this comprehensive account of american foreign relations from the nation's founding through the present day the diplomatic historian warren i cohen calls attention to the uses and abuses of u s international leadership and the noble as well as the exploitative ends that american power has wrought in a nation like all others cohen offers a brisk argumentative history that confronts the concept of american exceptionalism and decries the lack of moral imagination in american foreign policy he begins with the foreign policy of colonial and postrevolutionary america exploring interactions with european powers and native americans and the implications of slavery and westward expansion he then traces the rise of american empire the nation's choices leading up to and in the wake of the first world war and world war ii and renewed military involvement in foreign affairs cohen provides a long history of the cold war from its roots under truman through the korean and vietnam wars to the transformation of the international system under reagan and gorbachev finally he surveys america's recent history in the middle east with particular attention to the mismanagement of the war on terror and abu ghraib written with great depth of knowledge and moral clarity a nation like all others suggests that an unflinching look at the nation's past is america's best option to shape a better future

american foreign relations a new diplomatic history is a compelling narrative history of american foreign policy from the early settlement of north america to the present in addition to economic and strategic motives walter l hixson integrates key cultural factors including race gender and religion into the story of american foreign policy he demonstrates how these factors played a vital role in shaping the actions of the united states in world affairs beginning with the history of warfare and diplomacy between indigenous peoples and europeans before the establishment of the united states this book shows the formative influence of settler colonialism on the country's later foreign policy and the growth of american empire clearly written and comprehensive the book features extensive illustrations with over 100 images and maps primary documents in each chapter showcasing the perspectives of historical actors interpreting the past features that explore how historians' understanding of events has changed over time selected bibliographies of key resources for further research in each chapter in one concise volume american foreign relations covers the full sweep of american foreign policy from the colonial period to the present day it is an essential introduction for anyone seeking to understand the history of america's role in the world

in his eagerly awaited second edition of american foreign policy and political ambition james ray revisits his deceptively simple premise that the highest priority of leaders is to stay in power looking at how political ambition and domestic pressures impact foreign policymaking is the key to understanding how and why foreign policy decisions are made the text begins by

using this analytic approach to look at the history of foreign policymaking and then examines how various parties inside and outside government influence decision making in a unique third section the book takes a regional approach not only covering trends other books tend to miss but giving students the opportunity to think comprehensively about how issues intersect around the globe from human security and democratization to globalization and pollution guided by input from adopters and reviewers ray has thoroughly re organized the book and streamlined some coverage to better consolidate the historical institutional regional and topical chapters and focus the thematic lens of the book ray has also brought the book fully up to date addressing the latest events in american foreign policy including the wars in afghanistan and iraq the killing of bin laden the wikileaks scandal and its aftermath the impact of social media on foreign policy and world affairs nuclear proliferation developments in u s russian relations climate change and more

in this updated edition of *Crucible of Power* howard jones draws on his remarkable breadth as a historian of u s foreign relations to produce a distinguished survey of america s growth from an emerging power in the 1890s to its present day position of global preeminence comprehensive tempered and highly accessible jones demonstrates the complexities facing u s policy makers and the limitations on their actions

thoroughly revised edition of an essential text incorporating a wealth of new material on american foreign policy since 9 11 the second edition of this concise masterwork includes vast amounts of new material on american foreign policy in the post 9 11 era including the war in iraq holsti explores the poorly understood role of public opinion in international affairs looking at americans capacity to make informed judgments about issues far removed from their personal experience impressively comprehensive and current an excellent revision of a book by the 1 authority on the topic this new edition will remain at the forefront for consultation and textbook adoption on the topic for years to come bruce russett yale university i thought the first edition was the best single treatment of the subject so apparently did the student who borrowed my copy and this is a worthy successor the new edition almost flawlessly accomplishes the goal holsti sets for himself an update of his landmark book in light of emerging research and the dramatically changed state of the world that confronts u s foreign policy randy siverson university of california davis for those who are curious about the impact of 9 11 on american public opinion for serious students of the relationship between foreign policy and public opinion for anyone who wants to understand contemporary american opinion about the united states place in the world and for citizens tired of conventional wisdom about a difficult and important subject holsti s study is not only interesting and topical it is essential maxine isaacs kennedy school of government harvard university in an age of almost weekly polling on foreign policy holsti s insights are indispensable he delivers double tour de force in

this new edition providing his own current and historical research along with a comprehensive synthesis of the existing literature his analysis of the relationships between public opinion and foreign policy since 9 11 will prove particularly valuable for students and scholars alike richard eichenberg tufts university holsti combines a vast knowledge of political history and a mastery of the relevant scholarship with up to date empirical data to address the question of what role the general public can play in shaping foreign policy this revised edition is a remarkable achievement shoon murray school of international service american university

scholarly survey of the course of american foreign relations from early days of spanish exploration to modern times in meeting challenges of russian communist expansion
