the world has been reeling under the covid 19 pandemic most individuals are already struggling to balance all the responsibilities and obligations of life amid the pressures of society encouraging materialism hedonism and egoism leaving little time for self reflection and introspection the pandemic has thrust individuals into isolation cornering them to endure the loss of time and loved ones providing no time or opportunity to reexamine priorities and beliefs this book was written to remind each of us that it is important to appreciate the gifts we have been given by god to be grateful to the known and unknown people who have helped us grow up to be grateful for the smells that remind of us of the sweet memories of our past to be grateful for the feel of the sunshine on our face to be thankful to nature animals and pets to be grateful for the feel of water falling on our skin on a hot day to be grateful for the taste of food around the dinner table that bring us closer together to be grateful for the time we have had with those we care for this book is written to remind us to be grateful for the gift of life given to us by god

the malankara mar thoma syrian church exists as a hybrid church by blending the eastern liturgical elements of the oriental orthodox church and the evangelical ideas of the protestant reformation of the sixteenth century this church is a bridging church connecting protestantism and oriental orthodoxy the reformation in the malankara church 1836 instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission a major missiological imperative employed by cms missionaries in india was solely centered on the scripture against this popular understanding the mar thoma church through its reformation process showed that liturgy can also be an imperative for mission the translation and revision of the eucharistic liturgy is the basic visible expression of reformation in the malankara church hence this book explicitly places how the eucharistic liturgy of the mar thoma church is observed as the foundation for mission in its course of growth in order to accomplish this objective the writer has examined the historical evolution and the developmental process of the eucharistic liturgy of the church which is a revised version of the liturgy of st james in a nutshell this study is an appraisal of various missiological themes reflected in the eucharistic liturgy of the church this study throws ample light on how the mar thoma church integrated liturgy and evangelism in its course of development the writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations convention gatherings and sociocharitable works this volume asserts that an emphasis on eucharist centred ecclesiology guides and motivates the church to enliven

a mission oriented life which is crucial for accomplishing a relevant mission

sixteenth century reformation europe was a tumultuous time during which many defining ideas of the modern era were formulated the technological advancement augured by the gutenberg press allowed the unprecedented circulation of ideas among a growing legion of literate europeans the writings of radical reformer martin luther were perhaps most influential of all his opposition to the universal roman catholic church fundamentally challenged the elites and their institutions along the way luther was opposed by the church the political powers of the day and competing religious ideologies ink against the devil distills the major impulses from these debates that continue to resonate to this day this book will appeal to both lay and professional scholars of the reformation and its major players with prose that is accessible and free of jargon loewen directly addresses the debates between luther and his many foes including humanists like erasmus and the sectarian opponents found among contemporary jews muslims and christians of particular interest will be a focus on anti semitism throughout luther s published writings and sermons there may be no other examples of this book s scope in such a natural narrative presentation

we cannot afford to ignore martin luther that influential and highly controversial personality in european history not only were his activities mainly responsible for starting the reformation of the sixteenth century but his ideas also have greatly influenced political cultural and social thought ever since some modern writers have tried to trace the roots of nazism and german militarism back to luther others claim on the contrary that luther s ideas form the only real cure for these evils and that the authority which luther still possesses among many germans and other europeans should be used for the regeneration of europe lutheranism is very international the scandinavian countries are practically completely lutheran so were some of the baltic states lutheran groups are found in most countries of europe in the united states the lutherans many of them english speaking form one of the strongest religious groups and there are lutherans in many parts of the british empire luther s chief importance lies in the field of theology his influence on political cultural and social questions is only an outcome of his religious thought but even in this field of theology luther s ideas are puzzling to many catholics of various types may consider him to be the arch protestant strict protestants including many british nonconformists consider him to be half roman in outlook his conservatism in church order and liturgical forms may endear him to some anglicans while he annoys others by his insistence that neither prayer books nor ecclesiastical formularies can create church unity

but that unity of doctrine is the indispensable condition for union this attitude has more than once created problems for the ecumenical movement and made protestant cooperation difficult dr kramm in this volume has tried to interpret luther to the british reader minister and layman alike in an unbiased scholarly way at the same time stressing luther s importance for contemporary thought he has laid special emphasis on those questions which the british reader is apt to ask e g what was luther s attitude to morals and good works does salvation by faith alone mean that it is enough to hold a certain intellectual belief no christian life being required what does he teach about peace and war about church and state about political responsibility what are his ideas about church and ministry about sacraments about episcopacy and apostolic succession does luther treat the bible arbitrarily was he an anti semite did he spread blind nationalism or racial hatred what was his attitude to human reason scholarship and free will and so on

vol 1 contains abstracts of successful dissertations examined under the provisions of the statute which came in force 3 march 1925 until the close of the academic year 1927 8 subsequent volumes are published annually
