this is a summary of malcolm gladwell s outliers the story of success there is a story that is usually told about extremely successful people a story that focuses on intelligence and ambition gladwell argues that the true story of success is very different and that if we want to understand how some people thrive we should spend more time looking around them at such things as their family their birthplace or even their birth date and in revealing that hidden logic gladwell presents a fascinating and provocative blueprint for making the most of human potential in the tipping point gladwell changed the way we understand the world in blink he changed the way we think about thinking in outliers he transforms the way we understand success available in a variety of formats this summary is aimed for those who want to capture the gist of the book but don t have the current time to devour all 317 pages you get the main summary along with all of the benefits and lessons the actual book has to offer this is a summary that is not intended to be used without reference to the original book

please note this is a key takeaways and analysis of the book and not the original book start publishing notes summary analysis and review of malcolm gladwell s outliers the story of success includes a summary of the book review analysis key takeaways and detailed about the author section preview malcolm gladwell s outliers the story of success argues that success is not solely the result of merit and hard work rather gladwell says extremely successful people are successful because they were in the right place at the right time or because they received crucial help in order to understand success it is important to look not at the characteristics of the individual but at the social and cultural factors that enable success sports are often seen as a uniquely meritocratic endeavor people believe that the most physically talented athletes are the most successful however this is not true in fact in canada children whose birthdays fall just before the cut off date for participation in youth leagues have a huge advantage these children are the oldest ones in their leagues and so are most developed and are stronger and faster than their peers in canada this means that they are chosen to move into more advanced teams and leagues and so get more practice and training as a result almost all professional hockey players in canada have birthdays clustered around the dates just before the youth league cut offs the professional players all have great talent and all work hard however what truly made them outliers was not work or skill but the accident of their birthdays
