the purpose of this book is to provide a working knowledge and an exposure to cutting edge developments in operation and control of electric energy processing systems the book focuses on the modeling and control of interdependent communications and electric energy systems micro electro mechanical systems mems and the interdisciplinary education component of the epnes initiative

the life course of serious and violent youth grown up addresses significant gaps in the literature on youth involved in chronic serious and violent offending through longitudinal research and a long follow up into adulthood it challenges common perceptions about offending outcomes using theoretically grounded methodologically sophisticated and empirically driven research this book culminates 20 years of data emerging from the incarcerated serious and violent young offender study isvyos initiated in 1998 to understand the origins of serious and violent youth offending it follows 1 719 formerly incarcerated youth through adulthood and offers a contemporary perspective to questions about chronic offending in adolescence and social and offending outcomes in adulthood the authors provide a theoretically framed examination of new findings from the isvyos regarding participants justice system involvement from onset to persistence to desistance most participants experienced continued involvement in the justice system in adulthood however contrary to past literature isvyos findings challenge static descriptions of chronic offending and notions of the youth super predator isvyos findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement together the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly incarcerated in adolescence implies that desistance does not happen by default this book will be of great interest to scholars researchers and students of forensic psychology developmental and life course criminology youth justice and violent crime

continuous cultures i e chemostats with an continuous dilution rate are model ecosystems for the study of general regulation principles in plankton communities further to an introduction general continuous culture methods and especially the characteristics of rotifer continuousculture systems are presented sections on metabolism and energetics in

chemostats growth models competition and predator prey interactions as well as the application of rotifer continuous cultures to ecotoxicology and their use in aquaculture are included

religious congregations and faith based organizations fbo from the jewish christian and islamic traditions have worked on behalf of older adults for centuries but the initiation of president bush s office of faith based initiatives has raised many questions from both the traditional secular and sectarian services as well as many nontraditional services found in each community faith based initiatives and aging services addresses the issues of the separation of church and state the concerns involved in developing social services in religious congregations and the larger public policy implications of this office this unique book offers perspectives from traditional and nontraditional faith based groups as well as experts in volunteerism
