Scott Donna Brighton Ian Palmer*

providing the skills to successfully manage change managing organizational change a multiple perspectives approach 3e by palmer dunford and buchanan offers managers a multiple perspectives approach to managing change which recognizes the variety of ways to facilitate change and reinforces the need for a tailored and creative approach to fit different contexts the third edition offers timely updates to previous content while introducing new and emerging trends developments themes debates and practices

managing organizational change provides managers with an awareness of the issues involved in managing change moving them beyond one best way approaches and providing them with access to multiple perspectives that they can draw upon in order to enhance their success in producing organizational change these multiple perspectives provide a theme for the text as well as a framework for the way each chapter outlines different options open to managers in helping them to identify in a reflective way the actions and choices open to them changing organizations is as messy as it is exhilarating as frustrating as it is satisfying as muddling through and creative a process as it is a rational one this book recognizes these tensions for those involved in managing organizational change rather than pretend that they do not exist it confronts them head on identifying why they are there how they can be managed and the limits they create for what the manager of organizational change can achieve

a revision and update of connor and lake s classic text on the management of organizational change a practical guide to understanding and effecting changes in your organization copyright libri gmbh all rights reserved

this innovative and unique textbook describes change as a socially constructed process reinforced by the interactions of

employees at all levels including video and audio resources it emphasises the fact that change is an on going phenomenon not an event that will soon be over once the consultants have left but a permanent feature of an adaptable organisation this novel theoretical perspective makes it the first and only text to focus on the central role of conversations and storytelling in managing change strengthening the business focus of the text this new 3rd edition includes provision of practical tools and techniques for managing change increased coverage of sustaining change and a greater number of international examples and case studies managing organizational change is suitable for change management modules at all levels of undergraduate and postgraduate study

a critical area of competitive advantage is the ability of organizations to lead rather than follow changes in the market this means having the ability to roll out the right changes quickly and reliably in a way that delivers a return on investment managing organizational change brings together all the different roles and functions within an organization that a leader has to manage effectively to ensure successful and sustainable organizational change centred around the cycle of change model it provides a practical yet reflective overview of the four things you have to have culture capacity commitment and capability and the six things you have to do direct drive deliver prepare propagate and profit it explains which type of resources you need in order to achieve long term change which tasks roles and activities need to be in place and crucially how to lead during a time of great unease managing organizational change will help you deliver better outcomes reflect on what your organization needs to do better and ensure change is embedded throughout your organization online supporting resources for this book include downloadable appendices to supplement several chapters

forming part of the understanding organizational change series managing organizational change in public services focuses on the organizational dimension of change management in public services combining aspects of change management theory with real life practice in the form of organizational cases from different regions and sectors this edited collection identifies and analyzes
