international crime and justice is an emerging field that covers international and transnational crimes that have not been the focus of mainstream criminology or criminal justice this book examines the field from a global perspective it provides an introduction to the nature of international and transnational crimes and the theoretical perspectives that assist in understanding the relationship between social change and the waxing and waning of the crime opportunities resulting from globalization migration and culture conflicts written by a team of world experts it examines the central role of victim rights in the development of legal frameworks for the prevention

and control of transnational and international crimes it also discusses the challenges to delivering justice and obtaining international cooperation in efforts to deter detect and respond to these crimes

this book presents the enduring debates and emerging challenges in crime and justice studies from an international and multi disciplinary perspective

global crime and justice offers a transnational examination of deviance and social controls around the world unlike many cj texts detailing the systems of select nations or books that merely catalog types of international crime global crime and justice provides a critical and integrated investigation of the nature of crime and how a society reacts to it the book first details types of international crime including genocide war crimes international drug and weapons smuggling terrorism slavery and human trafficking the second half covers international law international crime control the use of martial law and the challenges of balancing public order and human and civil rights

the basics of international criminal law how it is actually enforced and the arguments it has provoked are all introduced in a book that is as current as the headline news international crime and punishment a guide to the issues explores the many facets of this relatively new field of criminal law an autonomous branch of law that concerns international crimes and the systems set up to handle individuals who are accused of committing them as the author explains international crimes include crimes against humanity crimes against peace war crimes trafficking in human beings drug trafficking money laundering arms trafficking and smuggling of cultural artifacts the laws may seem straightforward but the system is not without controversy as the author shows the united states has opposed certain actions of the international criminal court while other countries have objected to u s plans to refer persons accused of terrorism to military tribunals clearly and cogently this work introduces the principles of international criminal law its enforcement and the conflicts that have arisen as a result journalists policymakers students and educated citizens will find the book an essential tool for unraveling today s news stories

this book is an introduction to some of these developments in international criminal justice on one hand we will look at how different criminal justice institutions have developed to fight crimes that cross international boundaries looking at the legal and law enforcement developments that make this possible on the other hand we will also examine institutions that are designed to try and punish offenders internationally for offenses that they are immune to at home thus we look at national cooperation on transnational crimes and international institutions that deal with particularly horrible crimes such as genocide and crimes against humanity finally we examine the global crime problems themselves looking at how these problems developed historically how they currently function and how different criminal justice institutions seek to fight them book jacket

this book maps the practicalities and challenges in making cross border law enforcement work addressing the prevention detection investigation and prosecution of crime or criminality which is

conducted in more than one country it provides a professional assessment and describes the essential ingredients of international law enforcement cooperation

scientific essay from the year 2008 in the subject law criminal process criminology law enforcement grade 2 1 university of leeds course political science language english abstract it is the argument of this dissertation that the international criminal court is an appropriate tool for the enforcement of international criminal law and embodies a shifting notion of state sovereignty historically both multilateral and unilateral attempts to enforce international criminal law have been progressive but not wholly successful the international criminal court is rooted in customary law and addresses the failures of past attempts the court s opposition has illustrated problems of state sovereignty which in turn exemplifies how the international criminal court embodies a shifting notion of state sovereignty the sources used are the existing academic literature interviews international statute magazines and newspaper articles

following the wars in the former yugoslavia and rwanda and the events of 11 september 2001 awareness of international crimes has come to the forefront of public consciousness the very public responses seen in the establishment by the security council of the ad hoc tribunals and the international community coming together to create the international criminal court have done much to promote the idea that there should be no impunity for international criminals nevertheless while those are incredibly significant steps in the attempt to combat international crime there is no way due to their jurisdictional competence that such bodies could ever hope to address all the various crimes that are committed that are not confined to a single domestic jurisdiction either by reason of their nature or trans border factors as such the response of the international community to international crime depends as much on extraterritorial criminal jurisdiction mutual legal assistance agreements extradition and other means of lawful rendition furthermore given the fundamental rule that a person is innocent until proven guilty and that everyone within the jurisdiction of a state is owed certain basic minimum human rights guarantees responses to international crime cannot be without limitation respect for the alleged transnational fugitive offender is as important a factor in responding to international crime as preventing impunity for genocide crimes against humanity war crimes and gross human rights violations

an edited collection on international crime and justice icj icj is a new field that covers crime and justice from a global perspective it encompasses comparative studies of crime and justice but covers a much broader set of topics including international crimes including genocide war crimes terrorism and crimes against humanity such as enslavement torture forced pregnancy and sterilization transnational crimes including money laundering computer hacking and trafficking in humans and commodities such as drugs arts firearms organized crime s involvement in local and transnational crime human rights issues international criminal law and international relations international law enforcement and criminal justice rules of procedure and evidence of the international criminal court the role of the united nations and other international agencies in

preventing crime and establishing criminal justice standards

principles of international criminal law is one of the most influential textbooks in the field of international criminal justice this fourth edition builds on the highly successful work of the previous editions setting out the general principles governing international crimes as well as the fundamentals of both substantive and procedural international criminal law it provides a detailed understanding of the sources and evolution of international criminal law demonstrating how it has developed and how its application has changed the book assesses in detail the four key international crimes as defined by the statute of the international criminal court genocide crimes against humanity war crimes and the crime of aggression the new edition revises and updates the work with developments in international criminal justice since 2014 it includes substantial new material on critical perspectives on international criminal justice the fragmentation of international criminal law new war crimes of prohibited means of warfare and the prosecution of crimes committed in syria and northern iraq the book retains its highly acclaimed systematic approach and consistent methodology making it essential reading for both students and scholars of international criminal law as well as practitioners and judges working in the field

international criminal law provides a comprehensive overview of an increasingly integral part of public international law it complements the usual accounts of the substantive law of those international crimes tried to date before international criminal courts and of the institutional law of those courts with in depth analyses of fundamental formal juridical concepts such as an international crime and an international criminal court with detailed examinations of the many international crimes provided for by way of multilateral treaty and of the attendant obligations and rights of states parties and with sustained attention to the implementation of international criminal law at the national level direct concise and precise international criminal law should prove a valuable resource for scholars and practitioners of the discipline of international criminal law

this book examines the rules and mechanisms of international law relevant to the suppression of state organized crime and provides a normative justification for developing international legal mechanisms specifically designed to address this phenomenon state organized crime refers to the use by senior state officials of the resources of the state to facilitate or participate in organized crime in pursuit of policy objectives or personal profit this concept covers diverse forms of government misconduct including strategic partnerships with drug traffickers the plundering of a country's resources by kleptocrats and high level corruption schemes the book identifies the distinctive criminological characteristics of state organized crime and analyses the applicability potential and limits of the norms and mechanisms of international law relevant to the suppression of state organized crime in particular it discusses whether the involvement of state organs or agents in organized crime may amount to an internationally wrongful act giving rise to the international responsibility of the state and highlights a number of practical and normative shortcomings of the legal framework established by relevant crime suppression conventions the

book also sketches proposals to develop an international legal framework designed to hold perpetrators of state organized crime accountable it presents a normative justification for criminalizing and suppressing state organized crime at the international level proposes draft provisions for an international convention for the suppression of state organized crime and discusses the potential role of the un security council and of international criminal courts and tribunals respectively in holding perpetrators accountable providing the first comprehensive analysis from the perspective of international law of a phenomenon so far mainly studied by criminologists this study would appeal to researchers social activists and policy makers alike

combining history politics and critical analysis he revisits the killing fields of cambodia documents the three month hutu machete genocide of about 800 000 tutsi villagers in rwanda and casts recent headlines from kosovo in the light of these other conflicts book jacket

published papers whose appeal lies in their subject matter rather than their technical statistical contents medical social educational legal demographic and governmental issues are of particular concern
