in a recent national highway traffic safety administration nhtsa report about one out of every 7 fatalities on the road involved a motorcycle it is clear that motorcyclists are more vulnerable and much more likely to be injured or killed in a crash than are passengers in a car accident motorcycle accident reconstruction purposefully pulls together as much of the relevant accident reconstruction literature and science as possible to present definitive literature that meets the needs of the crash reconstruction industry the reader will learn to analyze physical evidence understand what it means and how to incorporate math and physics into an investigation topics featured in this book include case studies utilizing event data recorder data photogrammetry analysis determining motorcycle speed at the time of an accident the book provides a unique roadmap for the motorcycle accident reconstructionist user it is written by two specialists in this field who provide analyses of physical factors that affect motorcycle visibility motorcycle usage at night and human factors in motorcycle crashes to the greater understanding of crash analysts consultants and safety engineers alike

the dominance of advertising in everyday life carries potent cultural meaning as a major force in the rise of image based culture advertising spreads images that shape how people live their lives while scholarship on visual images has advanced our understanding of the role of advertising in society for example in revealing how images of extremely thin female models and athletic heroes shape ideals and aspirations images circulated through language codes or verbal images in advertising have received less attention imaging in advertising explores how the verbal and visual work together to build a discourse of advertising that speaks to audiences and has the power to move them to particular thoughts and actions in this book fern l johnson presents a series of case studies exploring important advertising images racial connotations in cigarette advertising representations of cultural diversity in teen television commercials metaphors of the face appearing in ads for skin care products language borrowed from technology to sell non technology products and the illusion of personal choice that is promoted in many internet web sites johnson argues that examining the interplay of verbal and visual

images as a structured whole exposes the invasive role of advertising in shaping culture in 21st century america
