a bible student reference a new testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before jesus christ returns in glory is being fulfilled now and is shortly to end yet christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that christ s return is therefore now almost upon us how and why this is the case is here explained thoroughly and logically with many examples directly from the word of god in god s saving plan for the world everyone must in time make a free will choice to become part of the israel of god in order to access eternal life in the kingdom of god the route to take is the strait and narrow way mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this israel embark on this voyage only if you are willing to be challenged about some basic christian preconceptions be a serious open minded bible student and trust what the bible teaches but remember that time is short what the bible has taught me i see as both vital and urgent for our eternal salvation yet i know of no church or individual theologian who teaches what this book deals with in any substantive way be prepared for major challenges to your understanding just as god has challenged me in the epistles paul refers to two israels whom he calls israel after the flesh i cor 10 18 and the israel of god gal 6 16 i focus mainly on the latter but i also explain an unexpected but critically important connection between them dependent on the teaching nearly all christian denominations either teach nothing at all on it or almost the opposite of what scripture repeatedly showed me looking back i find this absolutely staggering very few christians understand that the new covenant also only applies to israel as i will clearly show i no longer believe that the nt new testament can be fully understood without this extra israel dimension had i felt i could deliver this in a more light hearted way i would have done so but its implications are too awesome and fundamental to our eternal life prospects for that

illustrates the analysis behavior and design of linear control systems using classical modern and advanced control techniques covers recent methods in system identification and optimal digital adaptive robust and fuzzy control as well as stability controllability observability pole placement state observers input output decoupling and model matching

some people cant see the forest for the treesthey get so bogged down in details that they lose sight of what its all about others cant see the trees for the forestthey miss the wondrous details all around them so why not look instead at both the forest and the trees this commentary on pauls letter to the colossians guides you in doing just that even though we will be exploring ancient biblical cultures and learning plenty about the greek language no prior academic training is needed technical terms have been set aside instead with everyday language we will discover the big picture and revel in the fine details of this stunning letter amazed by how god is still speaking these same words today to contemporary personal and social challenges we will not

then be tourists rapidly zipping through colossians as if on a monotonous interstate highway instead we will be hiking our way through this letter step by step phrase by phrase finding joy in gods truth and growing in our faith come and join the journey
