in trump america's first zionist president the author investigates trump's endgame with israel and trump's deep relationship with christian zionists during the redo 2019 election israeli prime minister benjamin netanyahu

proclaimed soon the plan of the century will be presented by my close friend president trump and the negotiations with president trump will shape the future of israel for generations to come and because of this israel needs a strong and stable and zionist government a government that is committed to israel as a national state for the jewish people trump s daughter ivanka trump converted to judaism in 2009 in order to marry jared kushner an orthodox jew from a prominent american jewish family with close ties to israeli prime minister benjamin netanyahu kushner would become a senior advisor to president trump and influenced trump s decisions to move the us embassy to jerusalem and to withdraw from the iran nuclear deal two things israel vehemently wanted but does kushner s influence alone explain trump s all out pro israeli policies after all trump s foreign policy decisions pertaining to israel upends a half century of us policy to really understand zionism one must understand the israeli palestinian conflict therefore the author examines the history of the israeli palestinian conflict in order to understand what the root causes really are is israel right when it insists the land belongs to the jewish people or do the palestinians really have a rightful claim to a state and why does the united nations invariably support the palestinians

in our age of globalization and multiculturalism it has never been more important for americans to understand and appreciate foreign cultures and how people live love and learn in areas of the world unfamiliar to most u s students and the general public the four volumes in our cultural sociology reference encyclopedia take a step forward in this endeavor by presenting concise information on those regions likely to be most foreign to u s students the middle east asia and africa the intent is to convey what daily life is like for people in these selected regions it is hoped entries within these volumes will aid readers in efforts to understand the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions

written by top scholars in an accessible manner this unique encyclopedia offers worldwide coverage of the origins forms practitioners and effects of antisemitism leading to the holocaust and surviving to the present day the word antisemite was first used to describe a politically motivated enemy of the jews in 1879 the subject of antisemitism has often been focused on the holocaust however current events and history have much to add to this discussion for example in 1995 a japanese pseudo buddhist religious cult imagining itself to be under attack by jews released sarin gas on the tokyo subway killing 12 from 1881 to 1900 there were 128 public accusations of

jewish ritual murder allegedly involving the killing of christian children to use their blood for religious purposes entries in this encyclopedia span the period from ancient egypt to the modern era key theoreticians of jew hatred and their written works its permeation of christianity and modern islam and its political artistic and economic manifestations are covered this is the first comprehensive work that deals with the entire history of ideas and practices that engendered the holocaust

nationalism has unexpectedly become a leading local and international force since the end of the cold war long predicted to give way to pan national or economic organizations nationalism exerts its tremendous force on all continents and in a wide variety of ways the encyclopedia of nationalism captures the aims and scope of this force through a wide ranging examination of concepts figures movements and events it is the only encyclopedic study of nationalism available today key features international editorial board articles begin with short glossaries and conclude with short bibliographies of titles essential for further reading website devoted to project at academicpress com nations

when germany launched its blitzkrieg invasion of france in 1940 it forever changed the way the world waged war although the wehrmacht ultimately succumbed to superior allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively robert citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level offering detailed operational analyses of actual campaigns citino describes how un forces in korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of israeli operational victories in successive wars until the arab states finally grasped the realities of operational level warfare in 1973 and tells how the vietnam debacle continued to shape u s doctrine in surprising ways looking beyond major power conflicts he also reveals the lessons of india s blitzkrieg like drive into pakistan in 1971 and of the senseless bloodletting of the iran iraq war citino especially considers the evolution of u s doctrine and assesses the success of desert storm in dismantling an entrenched defending force with virtually no friendly casualties he also provides one of the first scholarly analyses of operation iraqi freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior throughout citino points to the importance of mobility especially mobilized armor in modern operational warfare

and assesses the respective roles of firepower training doctrine and command and control mechanisms brimming with new insights citino's study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare blitzkrieg to desert storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era

in this enlightening volume brownell the man dwight d eisenhower said would make an outstanding president recounts his achievements and trials as the gop's most successful presidential operative of the 1940s and 50s and as attorney general at a crucial time in american history political science professor an coauthor burke is the author of the institutional presidency 26 photographs

in the violent world of radical extremists the enemy of my enemy is my friend this study reveals how that precept plays out in the unexpected bonding between militant islam and the extreme right in america and europe it provides an insightful and sane look at the possibilities for collaboration between these groups

focuses on the seventh army in west germany the largest and best prepared field army ever deployed by the u s in peacetime to show how the u s army redefined its identity structure and mission in order to avoid obsolescence during the cold war era of nuclear weapons and air power

lyndon baines johnson ascended to the presidency in the wake of tragedy to lead the united states through one of its most violent and divisive decades his troubled presidency was marked by endless controversies over civil rights the vietnam war foreign policy and law and order issues among others nearly four decades later it's now possible to reexamine those controversies to illuminate as never before the achievements and failures of one of the nation's most misunderstood presidents drawing upon a wealth of new sources including recently released phone conversations these authors shine a bright and probing light on lbj's beleaguered white house tenure collectively they reinforce the image of johnson as a highly complex president whose very real achievements have been overshadowed by character flaws and events well beyond his control four chapters focus on lbj's foreign policies including a positive appraisal of his handling of the 1964 panama crisis but less favorable assessments regarding the downhill slide into vietnam the six day war and policies toward the communist bloc yet the authors generally depict a president who contrary to conventional views did not allow his domestic

agenda to overshadow his efforts as chief architect of foreign policy five other chapters focus on aspects of lbj s domestic policies that have been largely neglected women s rights native americans agriculture civil disorder and fiscal policy whether responding to urban riots or balancing different versions of the 1964 farm bill johnson emerges as a president who never lost sight of the political ramifications of his actions and whose legacy is often more complicated than is usually recognized all of these writings attest to the complexities of lyndon johnson a larger than life leader whose guiding principles can t always be reduced to the catch phrases he himself and others have employed the new perspectives and revelations they provide point students scholars and presidential buffs alike toward a much more enlightened view of this fascinating figure

selected bibliography p 511 519

the presidency of john f kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of camelot s fallen king now readers can gain a new appreciation of jfk in this thoroughly revised and updated edition of james giglio s bestselling study widely acclaimed as the best and most balanced book on jfk s white house years giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and white house medical records that contradict the image of kennedy s youth and vigor he stresses the extent to which domestic and foreign policies were interconnected at a time when the cold war dominated national life and reveals his new appreciation for jfk s prudence in his handling of such enormous challenges as the cuban missile crisis and the emerging war in vietnam giglio shows kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents he reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from marilyn monroe and socialite florence pritchett to low level white house employees and even virtual strangers surveying this field of conquest giglio suggests that jfk s sexual obsession could easily have affected his presidency even more during a second term his work also amplifies coverage of key issues like civil rights the cuban missile crisis and vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on kennedy s watch featuring an expanded bibliographical

essay and twenty two photos from the jfk library the presidency of john f kennedy remains the definitive appraisal of camelot s kingdom

letters written to everett hazlett

a lively anecdotal account features every facet of nixon s controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos

choice outstanding title h r haldeman president nixon s former chief of staff is said to have boasted every president needs a son of a bitch and i m nixon s i m his buffer and i m his bastard i get done what he wants done and i take the heat instead of him richard ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses whether by intent or circumstance these officials divert criticism and blame away from their presidents the phenomenon is so common that it s assumed to be an essential item in every president s managerial toolbox but ellis argues such assumptions can oversimplify our understanding of this tool ellis advises against indiscriminate use of the lightning rod metaphor such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level the metaphor often misleads by suggesting strategic intent on the president s part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents his study offers numerous detailed and instructive examples from the administrations of truman dean acheson eisenhower richard nixon john foster dulles herbert brownell and ezra taft benson lbj hubert humphrey ford henry kissinger and reagan james watt these examples ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings blame avoidance he warns does have its limitations and may even backfire at times nevertheless president clinton and his successors may need to rely on such tools the presidency ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image ellis s book is an essential primer for helping us understand this process

osgood focuses on major campaigns such as atoms for peace people to people and cultural exchange programs drawing on recently declassified documents that record u s psychological operations in some three dozen countries he tells how u s propaganda agencies presented everyday life in america to the world its citizens living full happy lives in a classless society where economic bounty was shared by all osgood further investigates the ways in which superpower disarmament negotiations were used as propaganda maneuvers in the battle for international public opinion he also reexamines the early years of the space race focusing especially on the challenge to american propagandists posed by the soviet launch of sputnik
