tracing the story of red lodge from the 1880s to the present christensen tells how a
mining town managed to endure the vagaries of the west s unpredictable extractive
industries economy she connects red lodge to a myriad of larger events and historical
forces to show how national and regional influences have contributed to the
development of local identities exploring how and why westerners first rejected and
then embraced western images and how ethnicity wilderness and historic preservation
became part of the identity that defined one town book jacket

even though race influenced how americans envisioned represented and shaped the american west discussions of its history devalue the experiences of racial and ethnic minorities in this lyrical history of marginalized peoples in idaho robert t hayashi views the west from a different perspective by detailing the ways in which they shaped the western landscape and its meaning as an easterner researcher angler and third generation japanese american traveling across the contemporary idaho landscape where his grandfather died during internment during world war ii hayashi reconstructs a landscape that lured emigrants of all races at the same time its ruling forces were developing cultured processes that excluded nonwhites throughout each convincing and compelling chapter he searches for the stories of dispossessed minorities as patiently as he searches for trout using a wide range of materials that include memoirs oral interviews poetry legal cases letters government documents and even road signs hayashi illustrates how thomas jefferson s vision of an agrarian all white and democratic west affected the gem state s nez perce chinese shoshone mormon and particularly japanese residents starting at the site of the corps of discovery s journey into idaho he details the ideological aesthetic and material manifestations of these intertwined notions of race and place as he y shes idaho s fabled rivers and visits its historical sites and museums hayashi reads the contemporary landscape in light of this evolution

a sweeping nicely written briskly paced accessible history of women in the west home lands is guaranteed to draw readers into its narrative ramón gutiérrez author of when jesus came the corn mothers went away marriage sexuality and power in new mexico 1500 1846 change the vantage point and a place changes things appear in one view that are hidden in another this book s vantage point is home and from it the west does look different richard white author of it s your misfortune and none of my own a new history of the american west

the humanistic traditionis quite simply the finest book of its type fiero manages to integrate the political cultural and social history of the world into one coherent and fascinating whole it is a masterpiece of scholarship balanced interesting easy to read and consummately beautiful our professors praise its accuracy and scope and our students unanimously say it is their favorite textbook sonia sorrell pepperdine university the humanistic traditionfeatures a flexible topical approach that helps students understand humankind s creative legacy as a continuum rather than as a series of isolated events this widely acclaimed interdisciplinary survey offers a global perspective countless illustrations and more than 150 literary sources available in multiple formats the humanistic traditionexplores the political economic and social contexts of human culture providing a global and multicultural perspective which helps students better understand the relationship between the west and other world cultures

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a

volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

from yellowstone to the great smoky mountains america s national parks are sprawling tracts of serenity most of them carved out of public land for recreation and preservation around the turn of the last century america has changed dramatically since then and so has its conceptions of what parkland ought to be in this book one of our premier environmental historians looks at the new phenomenon of urban parks focusing on san francisco s golden gate national recreation area as a prototype for the twenty first century cobbled together from public and private lands in a politically charged arena the ggnra represents a new direction for parks as it highlights the long standing tension within the national park service between preservation and recreation long a center of conservation the bay area was well positioned for such an innovative concept writing with insight and wit rothman reveals the many complex challenges that local leaders politicians and the nps faced as they attempted to administer sites in this area he tells how representative phillip burton guided a comprehensive bill through congress to establish the park and how he and others expanded the acreage of the ggnra redefined its mission to the public forged an identity for interconnected parks and struggled against formidable odds to obtain the san francisco presidio and convert it into a national park engagingly written the new urban park offers a balanced examination of grassroots politics and its effect on municipal state and federal policy while most national parks dominate the economies of their regions ggnra was from the start tied to the multifaceted needs of its public and political constituents including neighborhood ethnic and labor interests as well as the usual supporters from the conservation movement as a national recreation area ggnra helped redefine that category in the public mind by the dawn of the new century it had already become one of the premier national park areas in terms of visitation now as public lands become increasingly scarce ggnra may well represent the future of national parks in america rothman shows that this model works and his book will be an invaluable resource for planning tomorrow s parks
