this reference tells the stories of the peoples of the ancient past and shows how they laid the foundations of the modern world each of the first five chapters looks at the cultures

and civilizations that developed in one particular region the last chapter looks at some general aspects of life in the ancient world such as agriculture or legal codes and examines them in different cultures a time line shows how civilizations in different parts of the world relate to each other in time nicely illustrated with many color images annotation copyrighted by book news inc portland or

a lively and engaging narrative history showing the common threads in the cultures that gave birth to our own this is the first volume in a bold series that tells the stories of all peoples connecting historical events from europe to the middle east to the far coast of china while still giving weight to the characteristics of each country susan wise bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history dozens of maps provide a clear geography of great events while timelines give the reader an ongoing sense of the passage of years and cultural interconnection this old fashioned narrative history employs the methods of history from beneath literature epic traditions private letters and accounts to connect kings and leaders with the lives of those they ruled the result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them

ranging from abai to zeleia from massive temples in egypt to modest tombs in turkey oracles were a major feature of the religions of many ancient cultures until their demise under the christian roman emperors this work is a guide to all the known oracles of the ancient world the greater part of it is devoted to an alphabetical listing providing details of nearly 300 sites in more than 25 countries where oracles of one kind or another functioned in antiquity the text is extensively cross referenced and illustrated and supplemented by indexes a glossary and a substantial introduction

a comprehensive introduction to the ancient civilizations that arose in the mediterranean basin with special emphasis on how geographical features shaped their development the book is divided into three sections the eastern empire greece and rome in the first section the reader encounters the civilizations of egypt chaldea assyria phoenicia and persia learning not only the basis of each civilization but how they interacted with each other and how they changed over time in the second section on greece the rivalry between athens and sparta is highlighted showing clearly the highly divergent cultures of athens and sparta followed by the rise of alexander the great and the conquest of asia turning to rome the reader experiences the growth of rome from its early days to the establishment of the republic then the rise of the roman empire and its eventual decline ambitions of

leading figures are clearly articulated along with the strategies they used to achieve their ends throughout the narrative the author relates findings that expand our understanding of the ancient world archaeological discoveries in troy egypt and pompeii and traces the development of things as foundational to our civilization as our alphabet and our form of government this is the rare history book that is a joy to read that provokes thought on a number of levels and that uses language that is often arresting as when he repeats the words of an arabian conqueror egypt is in succession a mud field a sea of fresh water and a flower garden

the book of the ancient world is an account of our common heritage from the dawn of civilization to the coming of the greeks it is the story of how human beings began their great adventure of learning how to live of how they have sought to satisfy the practical needs of their bodies the questioning of their minds and the searching of their spirits to this end it subordinates details of political events to the record of things that lie at the foundation of our modern civilization dorothy mills had an uncanny and unique ability to write history that is interesting and at the same time based on sound scholarship her direct engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for home study as well as by many private school educators the highly prized six volumes of her historical works see below have become very scarce on the used book market and so dawn chorus has undertaken to reprint them as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students in a world where the quality of education has so deteriorated may the reissue of this wonderful historical series shine as a beacon to a new generation of young and not so young scholars dawn chorus publishes these five other books by dorothy mills the book of the ancient greeks the book of the ancient romans the people of ancient israel the middle ages and renaissance and reformation times dawn chorus has also republished another outstanding and long out of print historical series perfectly suited for home or school use and highly recommended in home school curricula entitled the picturesque tale of progress by olive beaupre miller it is available in large format 9 volumes or smaller double bound format 5 volumes

in a long and distinguished career chester starr has written on topics ranging from early man to the early athenian democracy to the role of sea power in the classical world and one of his finest works the product of his broad interests and expertise has been a history of the ancient world long a standard work on the distant past now this landmark book is available in a new edition offering a informative account of early history from the rise of the first cities to the fall of the roman empire this richly illustrated new edition deftly

explores the broad expanse of early human history through greece and rome occupy center stage starr also surveys the cities and empires of mesopotamia india from the early indus civilization to the gupta state and china from the hsia dynasty to the han empire in this new edition he has incorporated the latest research into his lucid and informative narrative reworking virtually every chapter to bring the work completely up to date he has revised his discussions of early humankind to account for the most recent findings he presents a new view of the jewish revolt against rome led by bar kochba and he has thoroughly updated the bibliographies in addition his account of the end of the roman empire has been rewritten in light of the most recent thinking by classical historians numerous maps and illustrations carefully composed and selected highlight the text and throughout starr clearly expresses the complexities of ancient history in lively engaging prose making the finest scholarship accessible to the nonspecialist when a history of the ancient world appeared in earlier editions the philadelphia inquirer hailed it as an excellent one volume history and fascinating reading and the classical journal wrote in scope accuracy and soundness of judgment this is one of the best general ancient histories this completely updated fourth edition will continue to provide one of the most distinguished and comprehensive one volume introductions to the ancient past available today
