this edited collection will examine the way in which cities are imagined experienced and shaped by those who reside within them those who manage or govern them and those who as visitor tourist or traveller pass through them attention will be paid to the influence that these various inhabitants have on city life and living and the dialectic that exists between their sometimes collective and sometimes divergent perceptions and uses of city space in conjunction with this the collection will explore the ways in which local culture and cultural policy are used by public and private interests as the framework for changing the image and amenity of the city in order to raise its profile and attract tourists the book contributes to discussions of the increasingly high profile place that cultural programs have in urban regeneration initiatives and explore the tensions conflicts and negotiations that emerge in urban spaces as a result of policy and culture coming together papers will be sought from researchers around the world with a view to examining the nexus between tourism leisure and cultural programming from a number of perspectives and with reference to a range of international case studies this book was published as a special issue of the journal of policy research in tourism leisure and events

jim mcguigan discusses cultural policy as a manifestation of cultural politics in the widest sense illustrating his case with examples from recent cultural policy initiatives in britain the united states and australia he looks at the rise of market reasoning in arts administration urban regeneration and the arts heritage tourism race identity and cultural citizenship censorship and moral regulation the role of computer mediated communication in democratic discourse

evolution culture and the human mind is the first scholarly book to integrate evolutionary and cultural perspectives on human psychology the contributors include world renowned evolutionary cultural social and cognitive psychologists these chapters reveal many novel insights linking human evolution to both human cognition and human culture including the evolutionary origins of cross cultural differences

an insightful exploration of the nature of inequality in his new work thomas piketty explores how social inequality manifests itself very differently depending on the society and epoch in which it arises history and culture play a central role inequality being strongly linked to various socio economic political civilisational and religious

developments so it is culture in the broadest sense that makes it possible to explain the diversity extent and structure of the social inequality that we observe every day piketty briefly and concisely presents a lively synthesis of his work taking up such diverse topics as education inheritance taxes and the climate crisis and provides exciting food for thought for a highly topical debate does natural inequality exist

over the last half of the twentieth century culture moved to the foreground of political and intellectual life suddenly everyone discovered that culture had been mass produced like ford s cars the masses had culture and culture had a mass culture was everywhere no longer the property of the cultured or the cultivated radical social movements around the globe invented a politics of culture culture in the age of three worlds is a reflection on this cultural turn which was a fundamental aspect of the age of three worlds that short half century between 1945 and 1989 when it was imagined that the world was divided into three the capitalist first world the communist second world and the decolonizing third world recasting the legacies of british cultural studies and the radical traditions of the american studies movement in a global context michael denning explores the political and intellectual battles over the meanings of culture addresses the rise of a distinctive american ideology and charts the lineaments of the global cultures that emerged as three worlds gave way to one

the author takes a global approach by considering cultural examples from various countries and time periods by delving into the ways globalization processes are affecting cultures and by offering an explanation of post cold war culture related conflicts readers will develop a deeper appreciation of culture and society from this text gleaning useful insights that will help them overcome cultural misunderstandings conflicts and ignorance and equip them to live their professional and personal lives as effective wise citizens of the world book jacket
