structured around the idea that innovation is at the core of successful entrepreneurship this insightful guide by meyer and crane establishes innovation as a necessary first step before writing a business plan or developing a financial model with a focus on pragmatic methods for gaining industry and customer insight and translating this insight into innovative product and service solutions meyer and crane help students design robust business models financial projections business plans and investor presentations new venture creation is devoted to helping students develop compelling business ideas this is based not only on the authors well known research in product and service innovation but also on their extensive experience as successful entrepreneurs and investors in the updated second edition part i guides students through six elements that comprise a clearly defined and focused venture defining your target industry defining your target customers defining the needs and wants of those customers defining winning product and service solutions carefully designing a strong business model determining competitive positioning and then testing the entire concept against a small population of target customers all before writing the plan think design test and learn are the guiding principles part ii then focuses on different types of investors and the process for raising capital creating realistic financial projections writing a concise but powerful business plan organizing the venture team and creating a compelling pitch that speaks to the needs and concerns of investors the book also includes a number of independent case studies that focus on product service and business model innovation all from recent ventures by students as well as recent college or master s level graduates

research on social entrepreneurship is finally catching up to its rapidly growing potential in the search for social entrepreneurship paul light explores this surge of interest to establish the state of knowledge on this growing phenomenon and suggest directions for future research light begins by outlining the debate on how to define social

entrepreneurship a concept often cited and lauded but not necessarily understood a very elemental definition would note that it involves individuals groups networks or organizations seeking sustainable change via new ideas on how governments nonprofits and businesses can address significant social problems that leaves plenty of gaps however and without adequate agreement on what the term means we cannot measure it effectively the unsatisfying results are apple to orange comparisons that make replication and further research difficult the subsequent section examines the four main components of social entrepreneurship ideas opportunities organizations and the entrepreneurs themselves the copious information available about each has yet to be mined for lessons on making social entrepreneurship a success the third section draws on light s original survey research on 131 high performing nonprofits exploring how they differ across the four key components the fourth and final section offers recommendations for future action and research in this burgeoning field

the complex global environment for entrepreneurship has experienced significant change during the past decade university based entrepreneurship is at the nexus of this environment students and faculty of entrepreneurship are uniquely positioned as agents in the movement of discovery and innovation

based on the premise that entrepreneurship can be studied systematically this book provides a single practical volume that presents the theory and practice of entrepreneurship and starting new businesses providing practical applications of new venture techniques this bookos resource based point of view yields practical hands on information such as acquiring and using resources and assets for a competitive advantage focusing on the business plan the book demonstrates how to put together a document for guidance and financing it also illustrates problems and opportunities faced by entrepreneurs as well as important day to day issues an essential resource for every professional and business owner as well as for everyone seeking to start a new business venture

this exciting new text helps student entrepreneurs succeed in the modern arena in which new technology intensive products and services are the engines of venture creation and economic growth it shows students how to understand their industry dynamics and customer needs test their venture idea in the market and with target customers and write a successful business plan for a startup or a corporate venture the authors use clear frameworks and systematic methods that are based on the decades of experience not just in the classroom but from starting advising and helping to manage successful ventures

can you really start from nothing and become truly secure financially what s the

difference between you and warren buffett between you and your boss or between you and your successful neighbor what do the financially comfortable have that you don t it s not that those people were born into money caught a lucky break or have an ivy league education it s not even that they are smarter than you or make more money than you do each year so what do they have that you don t at least not yet what s the difference trusted financial coach jean chatzky shares the secrets her groundbreaking research of the self made wealthy has uncovered so that anyone can break through the barriers that stand between them and true financial freedom find out why it s important to get happy but not too happy do what you love but don t quit your day job read every day remember that failure is not an option it s a necessity harness your intuition to take risks that make sense practice the kevin bacon principle make connections say thank you and mean it make your money work as hard as you do through candid interviews and a study of more than five thousand people jean reveals the traits and habits of those who have moved from the lowest economic strata to the highest the difference helps you take a look at where you are now and offers simple strategies for going where you want to go the difference you ll see is within you you have the power to determine your financial future and achieve the next level of wealth
