new new skills are added and all skills throughout the book are updated to match the latest evidence based practice guidelines and standards ensuring safe effective performance of skills

must have resource for all future enrolled nurses. *tabbner's nursing care* is the main resource for diploma of nursing students and instructors. This well established and highly respected book provides the knowledge and skills learners need to qualify as enrolled nurses. Written by a highly qualified team of editors and contributors, the book equips the learner to provide safe, competent and person-centred care. It teaches and prepares learners to apply critical and reflective thinking to decision making, use healthcare technology and work as part of a healthcare team in a variety of settings. Complete with an accompanying workbook and a host of features to support and facilitate teaching and learning, *tabbner's nursing care* is the ideal contemporary evidenced-based resource to develop competent and safe enrolled nurses of the future. It reflects the current context and scope of practice for enrolled nurses, takes a person-centred care approach and supports learners to become safe and competent enrolled nurses. It builds clinical reasoning, critical thinking and problem-solving skills. Full colour content to support teaching and learning includes nursing care plans, critical thinking exercises, case studies, progress notes, decision making framework exercises, clinical skills with rationales and review exercises. New to this edition: new skills covering removal of a drain tube, urinary catheterisation, male focused pain assessment, care of the person after death, content covering health informatics and technology, LGBTQIA representation and COVID-19. New chapter on readiness for practice. Instructor resources on Evolve, answer guides for case studies, critical thinking exercises, decision making framework exercises, review questions, clinical cases, case studies, clinical skills videos, image collection, powerpoint slides, test bank, weblinks. Learner and instructor resources on Evolve, answer guides for case studies, critical thinking exercises, decision making framework exercises, review questions, clinical cases, case studies, clinical skills videos, weblinks.

*Skill development for generalist practice* by Christina E Newhill, Elizabeth A Mulvaney and Bobby F Simmons offers an array of competency building exercises addressing foundational social work knowledge as well as skills and values across micro, mezzo and macro levels of practice. Designed to be actively used during class time, exercises embrace the diverse range of clients encountered by social workers in various practice settings and reflect a commitment to serving those who are the most vulnerable, at risk, disadvantaged and marginalized from society.

This book invites readers into the lived reality of the classroom where writing is not a solitary act but a shared journey shaped by dialogue and collaboration. Through carefully observed pair work, Ani Susanti reveals how students construct meaning together as they negotiate ideas, language choices and text organization. By focusing on reading for writing tasks, the book shows that writing develops most powerfully when learners interact, question one another and transform input from reading into coherent

written expression the classroom emerges as a dynamic space where conversation becomes a bridge between thought and text allowing writing skills to grow naturally through social interaction more than a study of writing outcomes this book captures the subtle processes behind learning moments of hesitation clarification support and discovery that occur when students work side by side by comparing heterogeneous and homogeneous pairings it offers valuable insights into how different combinations of proficiency shape both interaction and achievement teachers and researchers alike will find inspiration in its balanced approach which blends rigorous analysis with a human centered narrative ultimately the book reminds us that effective writing instruction is not only about correct grammar or structure but about creating spaces where learners feel empowered to think aloud learn from one another and grow together as writers

a practical guide to what can be accomplished utilizing the technical aspects of classroom management this invaluable resource will not only help educators learn how to build positive classroom communities but also outline methods for involving students in the creation of their learning environment the sixth edition has been updated to include a new chapter on communication skills for teaching incorporated classroom case studies in each chapter and includes updates using the latest management research in several chapters

the sourcebook introduces the theoretical and ideological foundation and methodological basis of rights based direct practice with children it starts with the methodology of participatory group workshops to facilitate learning of the content the content draws linkages among the foundation of life skills psychosocial sociological and critical theories of childhood and child rights values categories and principles with the approaches methods and skills of direct practice with children the book takes examples from india but makes significant contribution to training and reference material for child rights teachers trainers facilitators and field workers across the world especially in the developing countries
