keeping the republic's lively discussion of who gets what and how develops students' critical thinking abilities in the intro american government course every section and every feature in the book has one goal in mind to get students to think critically and be skeptical of received wisdom serving as a true aid to teachers each chapter is designed to build students analytical abilities by introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government—to play their part in keeping the republic and to consider the consequences of that engagement

a consistent and compelling narrative is crucial to student engagement with any book but sadly so many brief editions are mere cut and paste versions of their comprehensive selves not the case with keeping the republic's brief edition carefully condensed by barbour and wright this text gives your students all the continuity and crucial content of the full version just in a more concise value oriented package and now your students benefit from a new full color interior design photos jump off the page and colorful charts tables and maps enhance students' data literacy repeatedly praised for engaging students to think critically about "who gets what and how" in american politics barbour and wright show them how institutions and rules determine who wins and who loses in the political arena the authors carefully craft

each graphic boxed feature and vignette to develop students' analytic capabilities by introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government so they play their part in keeping the republic

this book is a clear and comprehensive guide to all aspects of the management of traumatic brain injury from early diagnosis and evaluation through the post acute period and rehabilitation an essential reference for physicians and other health care professionals who work with brain injured patients the book focuses on assessment and treatment of the wider variety of clinical problems these patients face and addresses many associated concerns such as epidemiology ethical issues legal issues and life care planning written by over 190 acknowledged leaders the text covers the full spectrum of the practice of brain injury medicine including principles of neural recovery neuroimaging and neurodiagnostic testing prognosis and outcome acute care rehabilitation treatment of specific populations neurologic and other medical problems following injury cognitive and behavioral problems post traumatic pain disorders pharmacologic and alternative treatments and community reentry and productivity

families change coping with stressful events and transitions presents current literature detailing families responses to varied transitions and stressful life events over the life span integrating research theory and application this bestselling text implements interdisciplinary content to address a multitude of both predictable and unpredictable problems and stressors as they relate to family sciences editors kevin r bush and christine a price bring together cutting edge research and scholarship to examine issues across the life span and how these factors can be applied across diverse family situations included with this title the password protected instructor resource site formally known as sage edge offers access to all text specific resources including a test bank and editable chapter specific powerpoint slides
