intimate relationships 3rd edition by sharon s brehm rowland s miller daniel perlman and susan campbell preserves the personal appeal of the subject matter and vigorous standards of scholarship that made the earlier editions so successful written in a unified voice this text builds on the reader friendly tone that was established in the first two editions it presents the key findings on intimate relationships the major theoretical perspectives and some of the current controversies in the field brehm miller perlman and campbell illustrate the relevance of close relationship science to readers everyday lives encouraging thought and analysis classic contributions to the field are covered in addition to topics on the leading edge of research publisher s description

the shadow side of intimate relationships takes a very real look at intimate relationship and what is occurring beneath each partner s surface awareness when un nourishing patterns of behavior begin to get locked into place it sheds light on aspects that intimate partners seldom recognize or want to confront and takes the view that both partners must become more aware of themselves at deeper levels warts and all if they want to experience an authentic enduring love doug and naomi moseley are experts when it comes to the underbelly shadow side of relationships this book is a must read for folks who desire a deeper understanding of marriage dynamics john bradshaw author healing the shame that binds you a real book for real people who are lost in power struggle and want to find their way to love and passion in marriage john gray ph d author men are from mars women are from venus with incredible clarity uncompromising truth and rare and refreshing wisdom the moseleys have written a life changing book that will help couples create profoundly intimate relationships marriage magazine terrific a great leap forward in the process of personal development through relationship very highly recommended brugh joy m d f a c p author joy s way avalanche the authors have managed to integrate deep psychological information into a down to earth workable model this book is a must read for individuals couples and helping professionals pat love ed d past president international association of marriage and family counselors co author hot monogamy an invaluable resource for understanding the full range of life s most rigorous spiritual practice the art and craft of relationship this book gives a realistic and inspiring view of how enriching and challenging an authentic intimate relationship can be angeles arrien ph d cultural anthropologist author the four fold way signs of life

everyone in or out of a relationship has wondered how couples work and what makes them successful or unsuccessful long lasting or short term in this insightful refreshingly nonjudgmental book barry dym ph d and michael glenn m d chart the stages of a couple s journey together and offer a provocative glimpse of the complex birth and development of intimate partnerships at the heart of couples the authors identify three distinct yet recurring stages common to all enduring relationships we learn that couples begin with a period of expansion and promise a time when each individual feels somehow larger more witty and charming in short the best person that he or she can be the intensity of expansion cannot last though and inevitably will move into contraction we each pull back into our more habitual ways enact or demand more stereotypical gender roles and feel disappointed and betrayed couples who weather the storm of contraction and long term couples will

experience many of them will resolve their struggles and move into a time of resolution when intimacy is renewed and each individual can become more complete containing both their best and worst selves but couples is much more than a map illustrating their ideas with in depth examples drs dym and glenn reveal how a couple s identity is shaped by these stages and the powerful cultural expectations of society friends and family who tell us what a couple should be couples analyzes how recurrent patterns are established and the impact of gender issues children and the serious crises that occur in any lifetime finally the authors offer accessible suggestions for applying these concepts to one s own relationship guiding couples and individuals in how to manage their own periods of turmoil and transition original engaging and thoughtful couples uncovers the essence of our most intimate relationship ultimately it offers a striking portrait not just of whom we love and why but who we are book jacket title summary field provided by blackwell north america inc all rights reserved

this introductory textbook is for students who are interested in learning about and establishing healthy marriage family and intimate relationships with divorce rates high and relationships fragile books and courses are needed that help students address important issues regarding relationships the readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable understandable and easy to apply to oneís life it was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful healthy relationships there are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations the text provides material on the research of john gottman the object relations theory of harville hendrix the solution focused approach of michele weiner davis and the prep approach to conflict management of markman stanley and blumberg these and other topics discussed are very relevant to studentsí concerns and are addressed in greater depth than found in most other texts the emphasis is not just on couple relationships but also on family relationships therefore in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families there is also material on how change produces transitions in family life that must be assimilated into the family structureófor example when a couple has their first child thus both couple and family issues are addressed throughout the book for instructors who want to focus their courses on marriage family and intimate relationships this book would be an ideal choice a study guide for students and instructional material for instructors can be obtained by visiting understandingrelationships net

first published in 2000 routledge is an imprint of taylor francis an informa company

communication intimacy and close relationships offers an account of the nature of intimate relationships and their effects on people s self concepts the development and maintenance of intimate relationships are examined along with people s motives and goals in pursuing intimacy the nature of social exchanges in intimate relationships and the consequences for individuals who find themselves socially isolated the critical role of communication in intimate relationships is given emphasis comprised of seven chapters this book begins with a discussion on the role of self disclosure in intimate relationships as well as the risks that individuals incur when they self disclose the next chapter presents a cognitive interaction model of the nature of intimacy and intimate relationships within the context of cognitive social learning theory and a systems theory approach to communication the effect of people s motives on relationships is then considered together with the

role of two fundamental human motives power and intimacy on love and friendship the remaining chapters focus on the importance of the identification process that is how people fix their own and others identities in social interaction in developing relationships patterns of nonverbal exchange in close relationships how and why loneliness occurs and the nature of social exchange processes in intimate relationships the book concludes with an epilogue that provides a perspective on why people may find it difficult or easy to form intimate relationships this monograph should be a valuable resource for psychologists and sociologists

provides a unique interdisciplinary approach to the science of intimate human relationships this newly updated edition of a popular text is the first to present a full blooded interdisciplinary and theoretically coherent approach to the latest scientific findings relating to human sexual relationships written by recognized leaders in the field in a style that is rigorous yet accessible it looks beyond the core knowledge in social and evolutionary psychology to incorporate material and perspectives from cognitive science including brain imaging studies developmental psychology anthropology comparative psychology clinical psychology genetic research sociology and biology written by an international team of acclaimed experts in the field the science of intimate relationships offers a wealth of thought provoking ideas and insights into the science behind the initiation maintenance and termination of romantic relationships the 2nd edition features two new chapters on health and relationships and friends and family both of which shed new light on the complex links among human nature culture and romantic love it covers key topics such as mate selection attachment theory love communication sex relationship dissolution violence mind reading and the relationship brain provides a coherent and theoretically integrative approach to the subject of intimate relationships offers an interdisciplinary perspective that looks beyond social and evolutionary psychology to many other scientific fields of study includes two new chapters on relationships and health and friends and family added in response to feedback from professors who have used the textbook with their classes presented by recognized leaders in the field of relationships features powerpoint slides and an online teaching handbook the science of intimate relationships 2nd edition is designed for upper level undergraduate students of human sexuality psychology anthropology and other related fields

intimate relationships covers both classic and current material in a concise yet thorough and rigorous manner chapters range from attraction to love attachment to jealousy sexuality to conflict all written in a warm personal and engaging voice topics are viewed from an interdisciplinary perspective firmly grounded in research examples and stories from everyday life lead into each chapter to stir a student's engagement with the material and critical thinking prompts throughout the text aid his or her reflection on the issues and theories presented each chapter is organized around major relationship issues and relevant theories in addition to a critical evaluation of the research when appropriate the authors discuss and evaluate popular ideas about intimate relationships in the context of scientific research this third edition has been thoroughly updated and revised to include the latest findings and topics in relationship science including the role of the internet in today's relationships students will benefit from a revised chapter on sexuality that reflects current views on sexual orientation and sexual pathways as well as a forward looking chapter on the evolution and diversity of relationships in the 21st century to support student learning the new edition includes flashcards learning objectives and outlines for each chapter a companion website accessible at routledge.com/cw/erber provides instructors with powerpoint presentations and a test bank and provides students with flashcards of key terms as well as learning outcomes and chapter outlines for each chapter

case studies offer insight into how to make relationships work each chapter contains such exercises as breathing exercises making a timeline of the relationship and thoughts to ponder

ceryl teleri davies research in female only spaces informs this illuminating guide to young women s experiences of intimate relationships essential reading for those working with young people the book makes a vital contribution to the study of gender based violence her research reveals young women s understandings of what it means to have a healthy relationship and considers the influence of gendered social norms within both healthy and abusive relationships while contributing to the debate on how young women negotiate the conflicts inherent in contemporary constructions of gender the book then suggests a pathway towards gender equality

romantic relationships especially good ones are desired of almost all humans however what makes such relationships good and nourishing for the most part it is the support and intimacy that exists within the couple and their ability to experience life and face difficulties together this book is divided into two sections one focusing on the couple and their intimate relationship and the other on how that relationship influences their offspring part one examines whether sacrificing in an intimate relationship is always beneficial and whether it help strengthen the marital couple unit attachment theory has had a significant influence on how we view relationships in childhood as well as in adulthood the book sheds light on the mechanisms that mediate attachment style and the quality of the intimate relationships exploring the relationship between one s ability to express empathy and that person s ability to offer social support to his her partner the second part of the book explores what young adults think about marriage influenced by their parental relationship how parental relationships affect children s social experience in school how parental approaches to children affect their sibling relationship the parental role in childhood eating disturbances and how the family climate affects children s loneliness all in all the book affords a thorough review not only of what marital couple intimacy is and what can affect it but how significant it is in affecting their children in and out of the house the chapters in this book were originally published in the journal of psychology provided by publisher

recipient of a 2021 most promising new textbook award from the textbook academic authors association taa intimate relationships provides students with a comprehensive understanding of the science behind relationships using a modern approach award winning teacher and author wind goodfriend integrates coverage of family and friendship relationships in context with research methods open science theories and romantic relationships so that readers can learn about all types of relationships and their interactions including conflict and the dark side of relationships the text supports today s students by frequently applying relationship theories to examples that can be found in popular culture helping students see how psychology can apply to the world that surrounds them included with this title the password protected instructor resource site formally known as sage edge offers access to all text specific resources including a test bank and editable chapter specific powerpoint slides
