brand new 2nd edition point images included for each section take away the guess work eliminate the complexity want to know what works our master tung book about images mirrors and relationships was not only written to help explain these concepts it was written to help you choose the best image in your clinic no longer will it take 50 000 patients and 10 years to figure out what works best this book has done this for you honest open factual and clinically effective based acupuncture tips for the 21st century this book is the first of its kind it was written by a practitioner who treats 100 patients per week learn what theories work best in a

western clinic understand the reasons why the points work how to avoid du 1 treatments how to treat the coccyx and sacrum using points on the head treat all patients fully clothed fast pain relief with distal and tung acupuncture in most cases pain relief is felt within minutes if not seconds how to add tung points to your current tcm treatments

acupuncture is a profound art and science and few systems have shaped its practice as significantly as the master tung system and traditional chinese medicine tcm while tcm s 14 channel framework is widely recognized the master tung system remains a treasure often passed down through generations of dedicated practitioners master tung and tcm acupuncture points and treatments bridges the gap between these two remarkable traditions providing a comprehensive resource for acupuncturists and students alike this book explores their unique strengths synergizing distinctive point features therapeutic applications and clinical strategies into a unified treatment approach with a special focus on the often underutilized practice of blood letting this book highlights its importance within the master tung system offering detailed insights into its indications and applications whether you are new to the master tung system or seeking to deepen your understanding of acupuncture s rich tapestry this book is your essential companion to mastering the synergy of these two extraordinary systems

a quick reference manual for those clinicians who employ the acupuncture of master tung ching chang tables include point to disorder indications and disorders to indicated points depths and modes of needling included there is also an in depth discussion of micro puncture

in this book i use a lot of standard acupuncture points along with master tung s acupuncture and emphasize the use of channels and imaging for optimal clinical use if a practitioner can use this work they can have a turnkey approach in the clinic simply by implementing these acupuncture and herbal protocols the idea is for each disease i have installed cheat sheets for the practitioner to immediately refer to and try to insert needles and prescribe herbs for the fifth in the series of master tung s acupuncture books the idea is for someone to start with the master tung s primer the best of master tung s acupuncture master tung s acupuncture for pain and master tung s acupuncture for internal medicine disorders with this manual we will discuss the use of master tung s acupuncture with herbals for even greater clinical success the book is composed of monographs on each disease best points to treat the problem and high percentage success herbal

prescriptions to give the patient as homework unique is that we only use a handful of both tcm and master tung points and a small amount of herbal formulas for a turnkey approach to a clinic this can be used as a roadmap for the new clinician improve clinical success for the intermediate practitioner or provide an alternative approach for the seasoned veteran

the book focuses on the therapeutic system of tung s acupuncture disorders covered in this book include therapeutic point selections and the analysis of reasoning and theoretical principles the point selections are described according to the 14 meridians and explained in accordance with classical acupuncture and master young s personal clinical experience master young also compares the therapeutic effect between the applications of the 14 meridians and tung s acupuncture

historically the major library and information science lis research producing centers of the world have largely been the universities and information institutions of north america the united kingdom and europe this is changing with the growth of asian economies universities and information industries library and information science research in asia oceania theory and practice presents evolving and emerging research and development in the field of library and information science lis in diverse countries in asia oceania as the region continues to develop this book is intended as a useful resource for lis researchers scholars students professionals and practitioners and is an appropriate text for courses in lis in addition anyone interested in understanding the lis field in the region will find this book a fascinating and enlightening read

master tung s magic points volume two the how and why of tung s acupuncture begins with an examination of the seven theoretical principles used in tung s acupuncture while these foundational theories are discussed in the commentary throughout volume one a definitive clinical guide and volume three the clinician s best friend within this book we examine and explain them in much greater detail next we explore additional tung s and tcm acupuncture theory and practices including reaction areas body tissue correspondences face and palm diagnosis imaging and transporting points we include a significant contribution from yvonne farrell l ac discussing the eight extra meridians followed by a short commentary written by eric renaud on the interaction of tung s acupuncture with the eight extras we then provide instruction on special needling techniques including tonification and sedation palpation of points painless needling size length depth and direction of needling curving needle technique and much more in depth chapters cover the ancient arts of bleeding

cupping and moxibustion excerpts are included from dr wang xiu zhen s bleeding book which inspired the trip i took with dr lee to study bleeding techniques in hefei china lastly we offer extensive guidance to assist you with treatment planning as well as commentary about how to build a successful practice volume two bridges the detailed point descriptions found in volume one with the pathologies discussed in volume three and explains how various techniques affect the way tung s points work together these three volumes represent all that i have learned from my teachers dr young wei chieh and dr miriam lee along with the practical knowledge gained from hundreds of thousands of treatments i have given to my patients my best teachers over the last forty years it is our hope that the sum of our work provides you with a solid basis to immediately begin replicating the amazing outcomes for which master tung s acupuncture is famous may these outcomes serve as a launching pad for you to pioneer in your own clinic designing new treatments to effectively address any challenges you may encounter

although master tung s acupuncture has been in the public domain since his untimely passing in 1975 very little information is available publicly on how to use the system in a practical and systematic way in english in this book i hope to guide my fellow colleagues into the intricacies of applying master tung acupuncture in the clinic since i am also a practicing acupuncturist and deal with pain women s health and internal medicine problems quite frequently i am sharing my clinical experience in this book and the secret of creating the protocols that i use daily with modification i also attempt to explain why i choose a particular protocol and the modification to it in this book i introduce what i consider the best of master tung s acupuncture there are many books on master tung s acupuncture which introduce all of the 740 tung family points but often these books may be too much for the beginner and do not let the beginner grasp useful concepts or how to use master tung s acupuncture immediately and effectively most acupuncturists simply add the tung points to their already memorized tcm acupuncture point prescriptions and as a result make a mess out of their acupuncture they do not have a simple and elegant rationale for using the system in my teaching of master tung s acupuncture i always choose points that are painless easily accessible and have powerful immediate results

this book explains how to use tung acupuncture points to treat pain and internal diseases

praktische atlas van tung s acupuncuur een methode waarbij slechts weinig naalden worden gebruikt
