assesses historical hyperpolyglot linguistic high achievers who demonstrated an extraordinary capacity for learning and speaking languages and explains the sources of such abilities and what it reveals about the nature of memory and language

this book documents the tension between americans faith in education as a panacea and the moderate pace of change in educational practices the authors suggest that reformers need to focus on ways to help teachers improve instruction from the inside out instead of

decreeing change by remote control

jesus who he is what he did and why it matters who is jesus why is his crucifixion such a big deal to christians and what difference does any of it make to my life in this short book teacher and bestselling author beth jones offers 6 simple reasons for why jesus is the way the truth and the life these straightforward answers will

it has sadly become evident that over the past seventy years americans have become increasingly ignorant of our nation s founding principles civic education and american history have either not been taught or have been deliberately mistaught throughout our nation s public and in numerous cases even our private education system this lack of education or misinformation has placed our nation in great peril and we are seeing the consequences unfold daily in our corporate boardrooms halls of power and streets this book is the prescription for returning our nation to a healthy culture for all

this title equips students of politics and international relations with the analytical skills and resources to evaluate understand and criticise research findings in political research as well as the practical skills to carry out their own research

the first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts america

we have heard from scholars policymakers and business leaders about how to improve our schools but those who actually work in k 12 education rarely have a chance to speak out this volume addresses that imbalance by providing the views of teachers and administrators who have been recognized for exemplary contributions to their profession the ideas presented in this book originated at a conference held in march 1991 where keynote addresses were presented by former secretary of education william bennett and harvard professor arthur levine on the topic what do we want our graduates to be like following are reactions to this question from four state superintendents and from teachers then there are a series of chapters that focus on different approaches to preparing students for their

futures moral and ethical development meeting the needs of diverse student populations attracting preparing and retaining high quality teachers school structure and restructuring assessing effective school processes and business or university collaborations with schools instead of abstract or theoretical solutions this valuable book emphasizes practical approaches with proven results
