what are the key features of partnerships between family and professional carers how do partnerships change over time what is needed to help create the best working partnerships forging partnerships between service users family carers and service providers is a key theme in both the policy and academic literatures however what such partnerships mean and how they can be created and sustained while responding to change over time is far from clear this book considers how family and professional carers can work together more effectively in order to provide the highest quality of care to people who need support in order to remain in their own homes it adopts a temporal perspective looking at key transitions in caregiving and suggests the

most appropriate types of help at particular points in time it draws on both empirical and theoretical sources emerging from several countries and relating to a number of differing caregiving contexts in order to illustrate the essential elements of relationship centred care partnerships in family care will be important reading for all health care students and professionals with an interest in community and home care for the ill disabled and elderly

from the files of scotland yard the f b i and the french surete the author re creates fifteen criminal cases in which diligent men of skill vision and ingenuity grasped at straws followed their instincts and investigated clues that others had overlooked to solve baffling crimes publisher s note

how are the burdens and difficulties of caregiving balanced by the satisfactions experienced how do the demands of caregiving change over time and what are the policy and practice implications of such changes how is a balance achieved between the needs of the caregiver and the cared for person the importance of family informal care both in making a reality of community care policies and in helping to sustain the quality of life of people who require support to remain within their homes is beyond doubt however whilst a considerable research and practice literature has developed in this area over the last ten years there remains much to learn about caring at both conceptual and practice levels there is in particular a need to develop more dynamic models which account for the changing nature of care over time and integrates the perspectives of carer cared for person and the formal service network based on several years research conducted by the authors understanding family care integrates a number of theories and perspectives in order to provide a more holistic understanding of the needs of carers emphasis is placed on providing a balanced picture which recognizes both the burdens and satisfactions of caring in addition to the coping efforts that carers employ a new longitudinal model of caring is described and the various stages and processes are explored although the focus is primarily on the carer the perspectives of the cared for person are not ignored and a model is presented which aids the integration of disparate viewpoints in addition to theoretical and methodological debates implications for policy and practice are fully explored understanding family care is recommended reading for practitioners and managers in the health and social services as well as students of social science nursing gerontology and social work
