what universities teach and the readings they assign for these subjects

public policy interventions aimed at encouraging supporting and developing small businesses are important for understanding entrepreneurship and small business management this textbook is the first to provide teachers and students with a resource that gives an overview of how institutional and policy structures interact with small firm start ups continuation and succession failures beginning with a brief introduction to policy processes the text covers the main policy instruments for entrepreneurial market entry and start up support for on going small business advice and financial support and succession planning it particularly focuses on policies that improve the business enabling environment through macroeconomic policy institutional reform and deregulation of bureaucratic burdens theoretical rigour is complemented by detailed assessments of current policies around the world including usa advanced and emerging economies and policy support from global institutions such as the world bank and the ilo are included written by a pre eminent scholar of public policy and entrepreneurship this textbook provides a concise but thorough introduction to the subject for master s students internationally policy recommendations in the author s conclusion also highlight the book s value to policy makers as they adapt to the globalized digital world

this book got its start with a simple question from my mother what is the difference between what you teach and what your father did for a living we were sitting shiva which is the ancient jewish tradition of mourning in this case after the death of my father a polish immigrant to the united states who had been a small business owner for almost 50 years at the time of his death in 2003 when sitting shiva the immediate family mostly sits and reflects and prays for a week so my mother sister and i had plenty of time to talk and talking as we did the question came up i gathered my thoughts for a minute first off i realized that throughout his life my father had picked up on my comments about the very rare high growth high tech businesses that came through my class somehow he thought that was who i had as my run of the mill student that was funny to me because in teaching entrepreneurship for nearly 20 years fewer than a dozen of the several hundred business plans i worked on involved high growth high tech firms but thinking about what my father heard i realized that i talk about two sets of rules one for when i have a potentially high growth business and another for the more conventional businesses that most of my students start and that my own father had mastered three times in his life the answer to my mother came out this way

this fifth edition of the popular book introduces you to the processes of new venture creation and the critical knowledge needed to manage your business once it is formed with the help of this book readers can follow their dreams of becoming successful entrepreneurs topics include the challenges of entrepreneurship building a business plan marketing considerations e commerce and the entrepreneur advertising and pricing for profit financial considerations and managing cash flow building a competitive edge and debt equity and site and location considerations for any person interested in owning operating and managing a small business also a handy reference for entrepreneurs and managers of small businesses
