seminar paper from the year 2009 in the subject american studies literature grade 13  
university of tbingen seminar für englische philologie course youth fiction coming of  
age in a turbulent culture language english abstract this paper accompanies the bad  
boy tom sawyer on his journey from boyhood to manhood regarding the influence  
authority has on him as the most important factor for his maturation samuel clemens  
wrote the adventures of tom sawyer mainly for the entertainment of boys and girls  
but also to try pleasantly to remind adults of what they once were them selves  
preface what is the difference between children and adults above all their degree of  
maturity but what is essential for the transition from child to adult for the maturation  
essential is to form an own individuality to be something unique you have to  
distinguish from everything else therefore we have to leave our own marks in order to  
become individuals every child has to find this unique own in adolescence not only  
bad boys need to revolt against and differentiate from authority to become part of the  
adult world and to constitute their individuality but what exactly is this authority which  
seems so essential for maturation and therefore for the purpose of this work in the  
broadest sense authority is a representative of the adult world with all its rules  
conventions and institutions which clemens so harshly and ironically criticizes for the  
purpose of this paper authority means specifically every form of influence the adult  
world has on tom as well as every convention which has the ability to govern his  
actions thus it ranges from the school superintendant and aunt polly to bad boy  
behavior patterns and the temptations of evil it does not take the reader long to find

out that in the character of tom sawyer the force to defy authority is extraordinary strong the first line in the book is a shouted tom i 7 and of course the shout is not unfounded totally in the manner of a bad boy he is stealing jam and afterwards escapes his aunt s authority but not only his disposition to overcome authority also the occasion to face the evil the lenience of authority as well as its absence in determining situations are responsible for toms maturation finally the whole process of becoming an adult can only be completed by the acceptance of the authority of society hence authority in all its shapes is the key to maturation also for tom sawyer our freedom loving seemingly anti authoritarian and independent hero
