hiram iddings bearss was a legendary u s marine whose 20 year career showed outstanding service to the united states in a variety of historically significant locations and periods his comrades included smedley butler frederick fritz wise and david porter and he was admired by many others including general pershing he was awarded every american medal of consequence including the medal of honor for actions at the sohoton cliffs in 1901 and a distinguished service cross for his command of the 102nd infantry at marcheville in 1918 as well as a host of important foreign decorations this biography recounts his life and career providing intimate details of crucial historical events it also explores the psychology of a man whose uncompromising and sometimes destructive personality helped his many

enemies block his advancement highly respected by others he was known for believing a commander should never send his men where he himself would not go he was a brave man dedicated to his beloved corps with few reservations an opening chapter covers bears ancestry birth in 1875 and youth in indiana the main text covers his actions in various marine campaigns from early service in the philippines and the caribbean to world war i action in france where he served as part of the 4th marine brigade and commanded the 102nd infantry and the 51st brigade the concluding chapters cover his retirement and 1938 death in an automobile collision appendices include lists of those who served under him his awards and relevant military reports

heirs to a storied past and glamorized as modern day knights the marine corps the elite fighting force in america s military in fact has not always been so highly regarded as jack shulimson shows only a century ago the corps identity and existence were much in question although the marines were formally established by congress in 1798 and subsequently distinguished themselves fighting on the barbary coast their essential mission and identity remained unclear throughout most of the nineteenth century but amid the crosscurrents of industrialization technological change professionalization and reform that emerged in gilded age america the corps underwent a gradual transformation that ultimately secured its significant and enduring military role in this enlightening study shulimson argues that the marine corps officers inextricable ties to the navy both hampered and aided their attempt to define their own special jurisdiction and professional identity often treated like a poor relation the marine officers frequently found themselves in direct competition with their counterparts in the navy and at times the object of the latter s scorn shulimson reveals the processes politics and personalities that converged to create these tense and sometimes embattled relations but he goes on to show how marine officers with the navy s blessing eventually transcended their second class role

chronicles the final year of the marine corps experiences during the united states civil war
